NEED MORE INFORMATION?

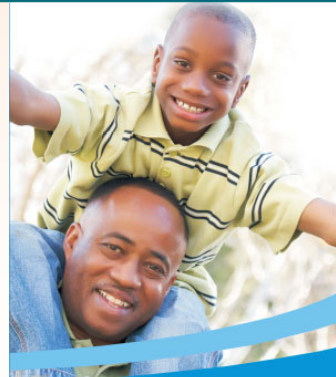

If you would like more information about your rights, the Grievance and Appeal Process or other State requirements, please ask your provider for the **MHP Beneficiary Handbook** or find it online at www.optumsandiego.com under the **Consumers & Families** section.

Mental Health Plan (MHP) Specialty Mental Health Services

Specialty mental health services are provided through the County of San Diego Mental Health Plan, which is separate from your physical health care. The Mental Health Plan is committed to providing quality mental health services to eligible adults, older adults, and children experiencing serious and persistent mental health problems. Mental health services are confidential and are based on the belief that people can, and do, recover from mental illness. Even though asking for help with mental health problems may be a challenge, help is just a phone call away.

LIVE WELL SAN DIEGO

HELP FOR PROBLEM RESOLUTION

A patient advocate can help if you are not satisfied with your mental health care.

For problems with inpatient or 24-hour residential services, call:

**JFS Patient Advocacy Program at
(619) 282-1134 or 1-800-479-2233.**

For problems with outpatient and any other type of mental health services, call:

**Consumer Center for Health
Education and Advocacy (CCEA)
toll-free at 1-877-734-3258.**

NOTICE OF ADVERSE BENEFIT DETERMINATIONS

If you have a grievance about your mental health care, want to appeal a decision that limits your care, or want to find out the status of an appeal or grievance, you may contact one of the agencies listed above. Medi-Cal beneficiaries have access to services and rights as specified in State and Federal regulations.

You can also file an expedited appeal when the standard process could seriously jeopardize life, health or the ability to attain, maintain or regain maximum function.
