

This procedure applies only to providers approved for MAA Claiming.

Medi-Cal Administrative Activities (MAA) Procedures

MAA activities in mental health are governed by a set of procedures. These procedures are described in detail in the MAA Instruction Manual developed by the State Department of Mental Health, and are summarized below.

The Claiming Plan

In order to participate in MAA, the County must submit a Claiming Plan to the State for approval by the last day of the quarter in which the first invoice will be submitted. Using a standardized format developed cooperatively by the State and Federal Medicaid agencies, the MAA Claiming Plan must describe in detail each of the MAA activities for which claims will be submitted, by job class. The standardized format can be found in the California Department of Mental Health MAA instruction manual.

The Claiming Plan also describes the units that will be participating in MAA, the type of supporting documentation that will be maintained, and the development and documentation of costs relating to MAA. It indicates which activities will be focused entirely on the Medi-Cal population. If the activities will be focused on a larger population, the Claiming Plan must describe the methodology that will be used to discount the claim by the percentage of Medi-Cal eligibles in the population.

The State Department of Mental Health has established procedures for amending the MAA Claiming Plan. It has also developed a Claiming Plan checklist and a checklist to use when submitting amendments to the Claiming Plan. Copies of these documents, along with a copy of the most recently approved version of the plan, are on file in the Mental Health Plan administrative offices. Claiming plans and any amendments will remain in effect from year to year. A Claiming Plan will not need to be amended, unless the scope of MAA is significantly changed or a new type of activity is undertaken. For example, a Claiming Plan must be amended when a new outreach campaign or program is instituted, or a new claiming unit performing MAA is created.

Claiming Procedures

Claims for MAA reimbursement are submitted quarterly to the State Department of Mental Health (DMH) by HHSA. A detailed quarterly invoice is prepared for each mental health unit participating in MAA, as identified in the claiming plan. County-operated programs are one unit; each participating contractor is a separate unit. A summary invoice is also prepared that aggregates all invoices submitted by mental health. An approved claiming plan covering the period of the claim must be in place before an invoice may be paid.

The County is required to provide DMH with complete invoice and expenditure information no later than December 31, following the fiscal year for which a claim is submitted. Invoice and expenditure information must be submitted to DMH prior to or with the County's cost report for the current fiscal year. DMH may approve the claim, return it for correction and/or revision, or deny the claim. The County may request reconsideration of a denied claim in writing within 30 days of receiving the denial.

The detailed quarterly invoice captures the time spent on MAA, the Medi-Cal percentage, expenditure and revenue information on a single spreadsheet.

MAA Training

All staff participating in MAA, and completing MAA activity logs, will attend MAA training sessions on at least an annual basis. Sign-in sheets will serve as a record of the individual's attendance. Training will be scheduled and provided at the direction of Mental Health Administration.

Reporting MAA Activities

MAA activities are recorded in MH MIS.. The reporting requirements are somewhat different than what is required for direct services. For MAA, staff must report the following each time an MAA activity is performed:

- the day the activity occurred;
- the activity code (as a proxy for the name of the activity);
- the number of minutes spent on the activity;
- the name of the employee performing the activity.

A standardized MAA Activity Log or Service Log has been developed; however, programs can develop their own as long as it contains the essential MAA reporting information. When programs develop their own form, they should forward it to the MAA Coordinator to ensure it covers the basic elements. Each activity log is to be signed by the employee before he/she gives it to the clerical staff responsible for entering data into Mental Health MIS. Activity logs may cover multiple days. Completed logs should be turned in to the person responsible for entering the information into MH MIS on a timely basis, but no later than the fifth working day after the end of each month.

Document Retention

The County of San Diego has adopted a record retention policy that requires these records to be retained for ten (10) years. Program managers are responsible for storing signed, original versions of all MAA activity logs, outreach materials, and all documentation that supports the MAA claimed by their staff.

Becoming an MH MIS User

An MH MIS account is needed to enter MAA into Anasazi. This information can be found in the Anasazi User Manual Page 10 on the Optum Health public sector site: <http://www.optumhealthsandiego.com/>

Quality Assurance; Monitoring

The quality of the MAA program will be monitored through quarterly reports from MH MIS.. The Mental Health Services MAA Coordinator will disseminate these reports to program managers, notifying them of any identifiable discrepancies found. These reports will provide managers with summaries of the amount of time reported to all MAA activities, by staff name. Program managers are expected to use the monitoring reports to:

- ensure that staff is reporting their MAA time accurately, using the correct activity codes;
- ensure that all staff that should be reporting MAA is doing so;
- ensure that MAA time is being reported consistently among staff in same classification.

Managers are required to ensure that corrective action is taken on any discrepancies they find or that have been identified by the MAA coordinator. Random reviews will take place to ensure that staff is reporting MAA correctly.

The MAA Audit File

An MAA audit file will be maintained at Mental Health Administration, and includes the following:

- a copy of the most recently approved MAA claiming plan for the County and for each participating contract agency;
- copies of current SPMP forms, and verification that each SPMP's license, where applicable, is current;
- job descriptions and/or duty statements for all staff participating in MAA;
- electronic or hard copies of the raw data used to calculate each quarterly percentage of MAA activity;
- electronic or hard copies of the reports used to establish the Medi-Cal percentage for each quarterly MAA claim;
- locations (with addresses) where MAA activity logs are kept on file, and where copies of information used in outreach or eligibility assistance activities are kept;
- copies of annual training schedules, training rosters, and materials used in training.

Who Can Claim MAA: An Overview

Clinical staff

- MAA may be used for client-based activities that are not part of a direct service or that are provided to an individual who does not have an open case anywhere within the system. MAA also includes outreach activities to inform individuals or groups about the availability of Medi-Cal and mental health services.

Administrators

- MAA includes program planning and contract administration.
- MAA includes outreach activities to inform individuals or groups about the availability of mental health services.

Clerical staff, Human Service Specialist and all other staff

- MAA includes activities that assist individuals, regardless of their case status, to apply for Medi-Cal or to access services covered by Medi-Cal.
- MAA activities include the administrative support clerical staff provide around outreach, contract administration, program planning, and crisis situations.

The MAA Activity Codes

A set of MAA activity codes has been developed for local mental health programs. The activities include:

Activity Code

204	Medi-Cal Outreach
205	Mental Health Outreach
203	Facilitating Medi-Cal Eligibility Determinations
201	Case Management of Non-Open Cases
202	Referral in Crisis Situations – Non-Open Cases
209	MAA Coordination and Claims Administration

MAA Activity Code Definitions

204 Medi-Cal Outreach – This code may be used by all staff in county and contract programs. Includes the following:

- informing Medi-Cal eligibles or potential Medi-Cal eligibles about Medi-Cal services, including Short-Doyle/Medi-Cal services;

- assisting at-risk Medi-Cal eligibles or potential Medi-Cal eligibles to understand the need for mental health services covered by Medi-Cal;
- actively encouraging reluctant and difficult Medi-Cal eligibles and potential Medi-Cal eligibles to accept needed health or mental health services;
- performing information and referral activity that involves referring Medi-Cal beneficiaries;
- referring Medi-Cal eligibles to Medi-Cal eligibility workers.

205

457

Mental Health Outreach – This code may be used by all staff in county and contract programs. Includes the following:

- informing at-risk populations about the need for and availability of Medi-Cal and non-Medi-Cal mental health services;
- providing telephone, walk-in or drop-in services for referring persons to Medi-Cal and non-Medi-Cal mental health programs.

203

Facilitating Medi-Cal Eligibility Determinations – This code may be used by all staff in county and contract programs. Includes the following:

- screening and assisting applicants for mental health services with the application for Medi-Cal benefits.

201

Case Management of Non-Open Cases – May be used by all staff in county and contract agencies. Includes the following:

- gathering information about an individual's health and mental health needs.
- assisting individuals to access Medi-Cal covered physical health and mental health services by providing referrals, follow-up and arranging transportation to health care.

202Referral in Crisis Situations - Non-Open Cases – May be used by all staff in county and contract programs. Includes the following:

- intervening in a crisis situation by referring to mental health services.

209

MAA Coordination and Claims Administration – This code may be used by all staff in county and contract programs. Includes the following:

- MAA Training
