To:	BHS Contracted Service Providers
From:	Behavioral Health Services
Date:	October 5, 2021
Title	BHS Peer Support Specialist Certification Program

Background

In September 2020, [Senate Bill \(SB\) 803](#) required the California Department of Health Care Services (DHCS) to seek federal approval to establish Peer Support Specialist (PSS) as a provider type and to provide distinct peer support services under Specialty Mental Health Services (SMHS) and Drug Medi-Cal Organized Delivery System (DMC-ODS) programs.

In July 2021, DHCS released [Behavioral Health Information Notice \(BHIN\) 21-041](#) to provide the standards for implementing the Medi-Cal Peer Support Specialist Certification Program. To support statewide consistency, San Diego County Behavioral Health Services (BHS) has opted to work with the California Mental Health Services Authority ([CalMHSA](#)) to implement a **Medi-Cal Peer Support Specialist (PSS) Certification Program**.

Next Steps

BHS recognizes that providers may have questions on how the Medi-Cal PSS Certification Program would impact current operations and appreciates your patience as BHS staff works with the State to provide clarification. Please be on the lookout for Peer Support Specialist local guidelines and Q&As via the *Up to the Minute* (UTTM) announcements. As a reminder, UTTMs are accessible on the [BHS Provider Information Portal](#). Please contact your COR with any additional questions.

Providers are encouraged to visit [the DHCS Peer Support Services webpage](#) to access additional information about the State’s efforts on Peer Support services.

Additionally, BHS Providers are highly encouraged to become familiar with the elements noted in the [BHIN 21-041](#), including but not limited to the State’s requirements referenced below.
