Once on the Optum website, please hover over County Staff & Providers, select TERM Providers, then the Forms tab for updated forms; select the Manuals tab for the updated TERM Provider Handbook.
- As a reminder, an ICD-10 Crosswalk is available on the Optum website and serves as a guide to assist with identifying ICD-10 codes that correlate with the required DSM-IV-TR diagnoses. The Crosswalk is not a definitive resource of all ICD-10 codes; if you don't find something on the crosswalk, consult a resource such as one of the many online tools available. For example: <https://icd10codelookup.smartbaselink.com/>.

If you should have any questions about the updated forms or requirements, please contact us at 1-877-824-8376, Option 4.
