Subject: OPTUM Public Sector - TERM Panel - No New Specialties to be Added/Privileged

December 24, 2015

RE: TERM Panel - No New Specialties Added/Privileged

Hello,

Please be advised that the Credentialing/Privileging Criteria Standards for TERM Specialties is currently under revision. As a Paneled TERM Provider you are welcome to remove Specialties from your Provider Profile, however, no new Specialties will be added/privileged pending the completion of the revision.

Additionally, the TERM Network is temporarily closed to new Providers and Interns until this revision is completed

We anticipate the Network will be reopened early next year (2016) with a new Application to include the revised Credentialing/Privileging Standards. At that time new Specialties may be added to your profile as appropriate based on the revised Standards. Updates and information will be provided to you when available as we move forward in this process.

Thank you

Judy A. Duncan-Sanford, LMFT / Optum
Manager, Provider Services, San Diego Public Sector
