## **CONFIDENTIALITY**

**HIPAA regulations mandate that all client information be treated confidentially.**

Access to CCBH is based on your position and your job classification. You will have the access you need to complete your job duties. This can include access to clients in your Unit/SubUnit or may include full client look up. Remember – with more access comes greater responsibility regarding confidentiality!

You are not to share passwords with other staff. The Summary of Policy you signed before receiving your access to CCBH included your agreement to this directive. You are still responsible if someone with whom you have shared your password violates confidentiality!

The MIS unit investigates any suspicions regarding sharing of passwords. Consequences are up to, and may include termination.

Do not open any active client charts unless instructed to do so, or if it is required to complete your job duties. “Surfing” clients is a blatant breach of confidentiality.

Remember you are personally and legally responsible for maintaining confidentiality. Take it seriously.

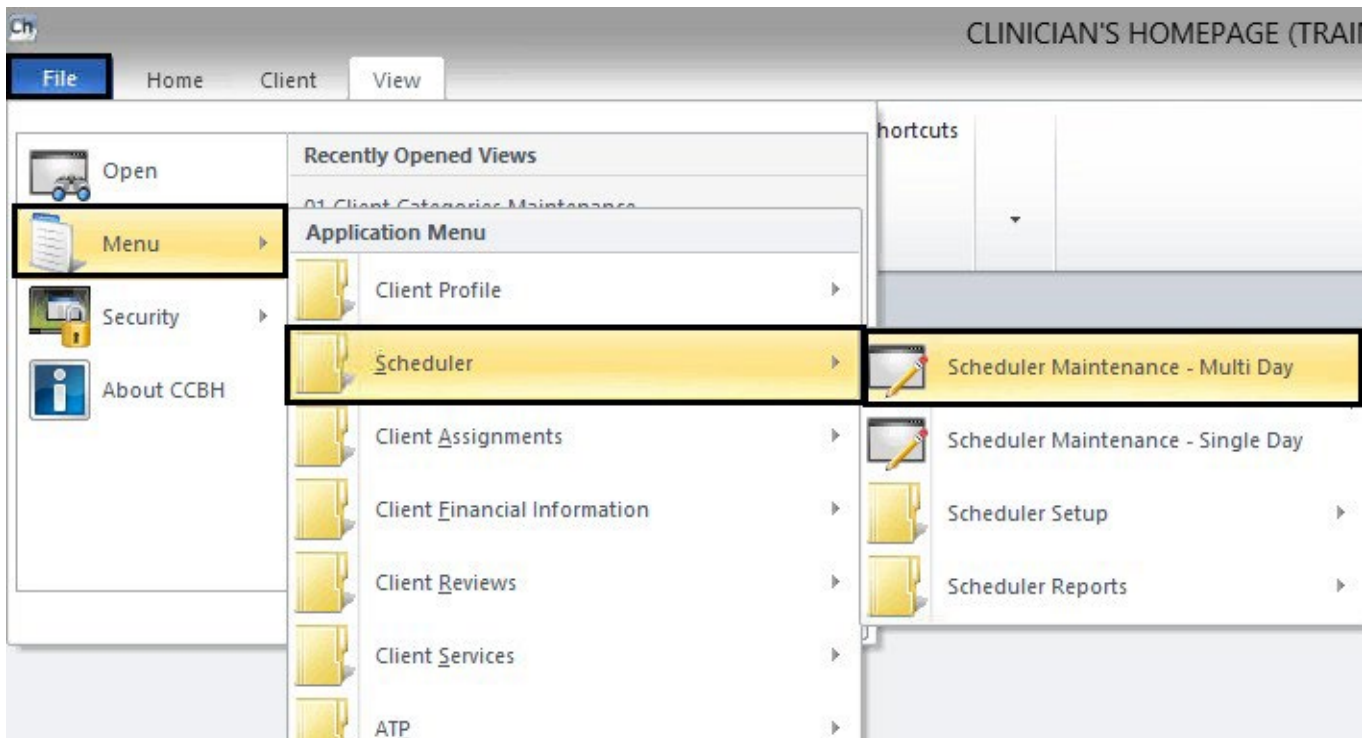

Do not leave your computer unlocked with client data on the screen for others to access or view while you are away from your desk. Lock your CCBH session before leaving your computer.

When printing, make sure you are printing to a confidential printer, and pick up your paperwork quickly. Leaving printed Protected Health Information (PHI) out is also a confidentiality violation.

**Play it safe – keep in mind how you would want your own PHI handled!**

## Accessing the External View Via the Clinician's Homepage

If you will be working outside of the Clinician's Homepage (for client assignments, service entry, scheduler, reports, etc.), click on the File Tab, click "Menu", and click your desired menu and submenu(s).

## LOCATION AND STAFF WORK SCHEDULES MAINTENANCE

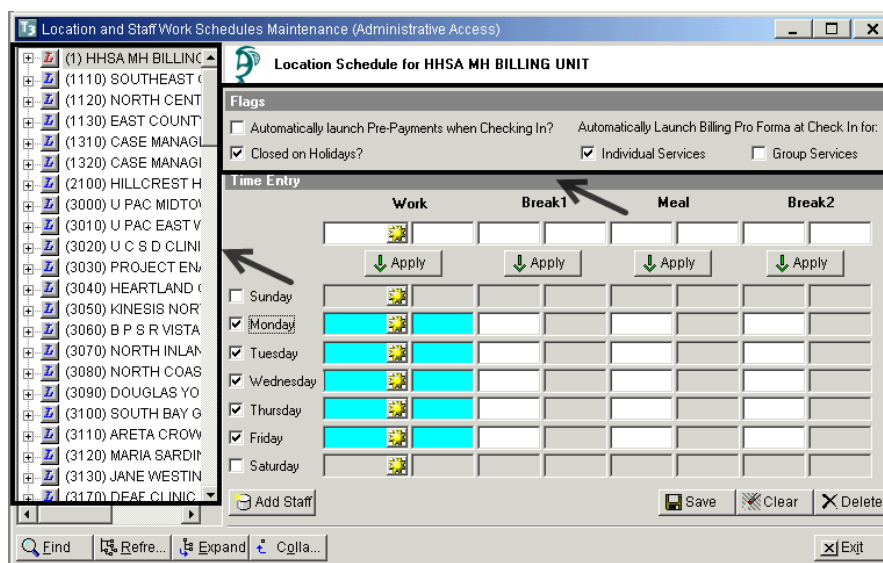

Program Managers and/or Administrative Staff will be responsible for maintaining the “Location and Staff Work Schedules Maintenance” for their own program(s).

To access:

- Click on “Scheduler”
- Click on “Scheduler Setup”
- Click on “Location and Staff Work Schedules Maintenance”

- The “Location and Staff Work Schedules Maintenance” screen appears.
  1. On the left side of the screen, programs are listed vertically by unit. Click on your program. *NOTE: You may need to scroll down to find it*
  2. In the “Flags” section, check the “Closed on Holidays” box if your program is closed on New Year’s, Memorial Day, 4<sup>th</sup> of July, Labor Day, Thanksgiving, and Christmas. Do not check off any other boxes

## Time Entry

1. Enter the program's business hours. Use an "A" for AM and a "P" for PM.
2. For each day the program is open, check the corresponding box
3. Click "Apply"
4. Click "Save"

## OFF SPECIAL DAYS

Off Special Days is used to identify the days when a staff person is not working during his/her normal work schedule.

1. Click on the “plus sign” to the left of the staff member
2. Click on the “O” for “Off Special Days”

- Enter the appropriate dates, the description, and “Save”

## MULTI DAY VIEW

The Multi-Day View allows the user to enter appointments on behalf of an individual staff and to view one staff person’s daily, weekly, monthly or multi-day schedule. Client services may also be entered and viewed in the Multi-Day View.

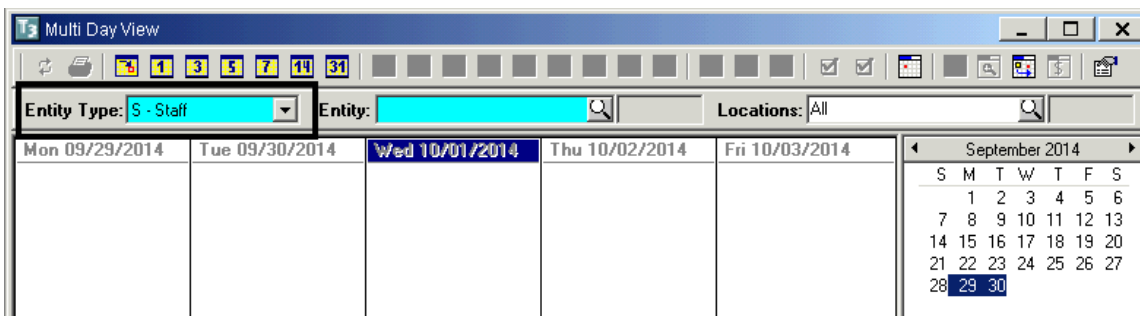

To access:

- Click on “Scheduler”
- Click on “Scheduler Maintenance – Multi Day”

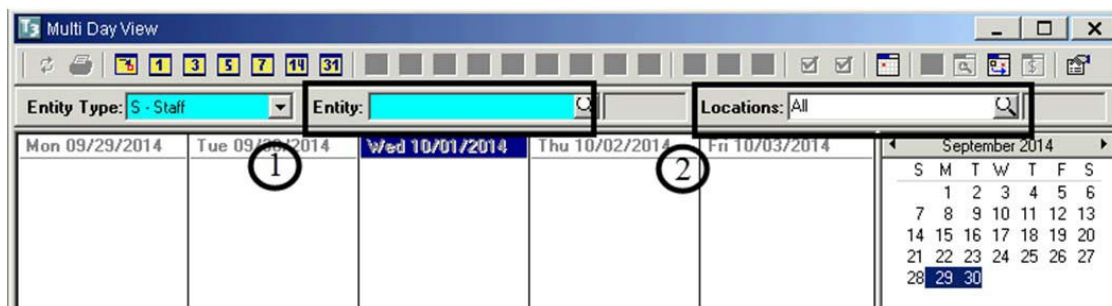

The Multi-Day screen displays.

- “Entity Type” will default to Staff

### To view a schedule

1. Enter the CCBH ID number in the “Entity” field and press the tab key on the keyboard. NOTE: If you wish to schedule for a client instead of staff, change the “Entity Type” to “Client”, and enter a client case number in the “Entity” field
2. Leave the “Location” field on “All”

## Adjusting the Calendar

- Click on the yellow icons to “Go to Today”, or to see a “One Day View”, “Three Day View”, etc.

- On the small calendar on the right, click and drag from your starting date to your ending date. The larger calendar on the left will change accordingly. The left and right arrows take you from month to month

## VIEW OPTIONS

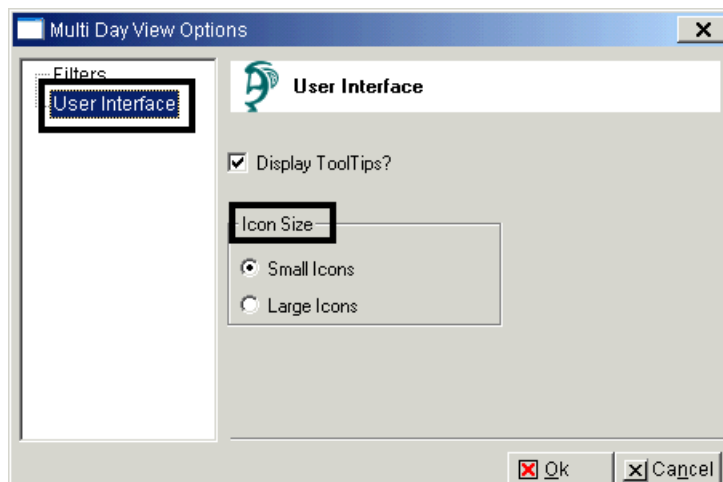

- Click on the below icon to access the “View Options”

- Under “Filters”, check the boxes for “Display Resolved Services” and “Display Canceled Events”. This ensures that resolved and cancelled events remain on the calendar instead of disappearing

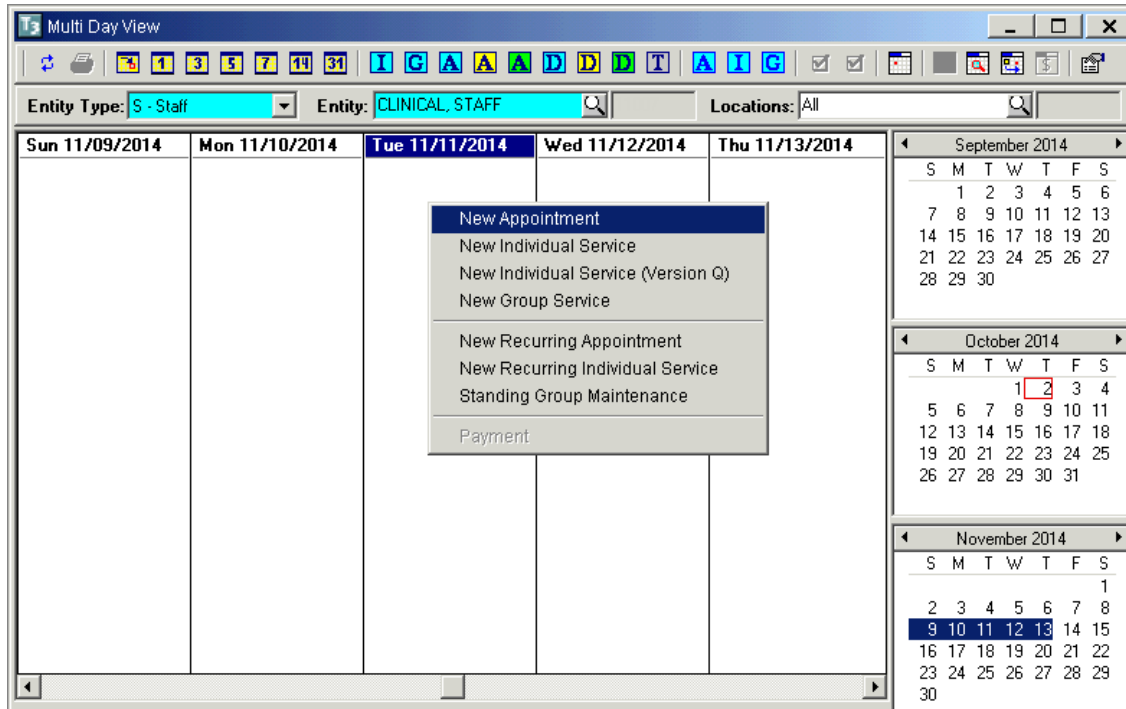

- Under “User Interface”, choose your preferred icon size. Small icons are used throughout the screenshots in this resource packet
- Click “OK”

## NEW APPOINTMENT EVENT

Appointments are events which do not involve a client.

- Right click in the white area below the day to be scheduled. A drop down menu appears. Click “New Appointment”

- An appointment window appears
- Complete the “Subject” line. Enter a subject or a comment that may provide additional information (i.e. Staff Meeting in Conference Room A)

*NOTE: You may mark “Private” to prevent the subject line from being viewed by other users. For example: a personal doctor appointment. However, that means only the attendee(s) will be able to open this window to make changes*

- Select the “Event Type” from the drop down menu. All events are considered “Normal” except for an “All Day” event or a “Task” event. A “Task” event has no time associated with it and as a result will only appear in the Multi-Day view

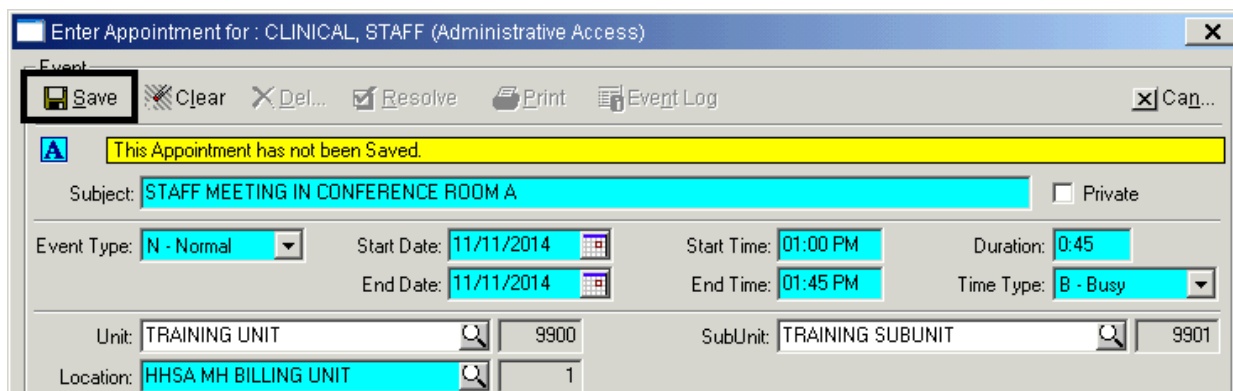

- For a “Normal” appointment event, enter the “Start Time.” The system will default to “am”. To indicate “pm” enter a “p” after the hours and minutes. For duration, enter as H:MM (i.e. 45 minutes would be entered as :45). One hour and fifteen minutes would be 1:15. The system will calculate the “End Time”

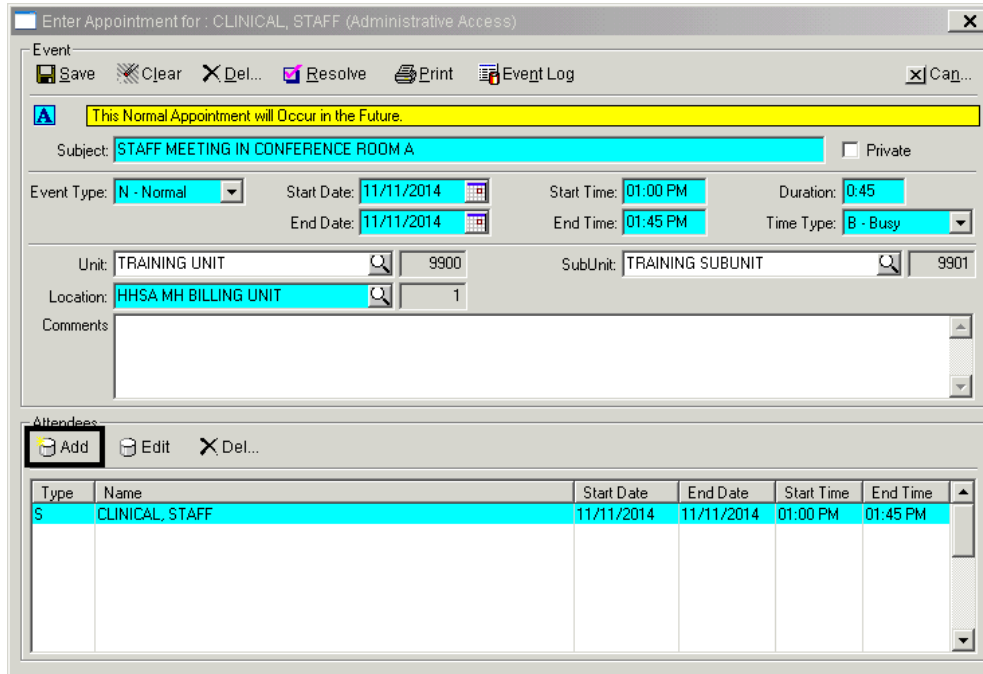

Note: In Scheduler, the period (.) is not recognized in all start /stop time fields. Select the “Time Type” from the drop down menu. B – Busy indicates an event has been scheduled; F – Free indicates time that other events could be scheduled T – Tentative indicates that an event is optional

- Enter your Unit, SubUnit, and Location where the appointment is being held. Enter any “comments” if desired
- Click “Save”

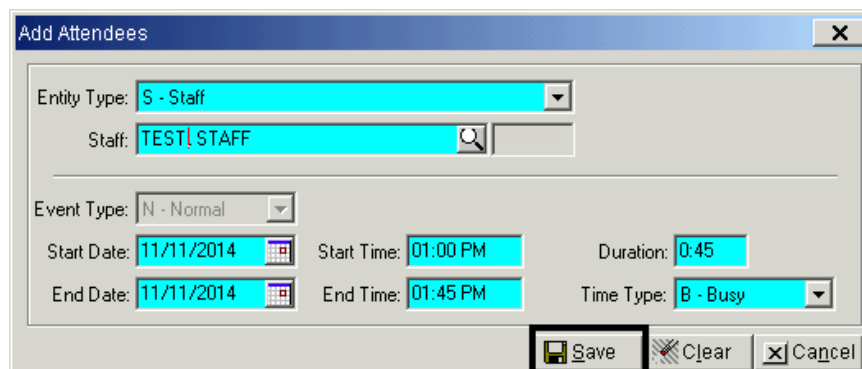

- The “Attendees” box is activated with the staff person’s name, “Start Date”, “End Date”, “Start Time” and “End Time”. Additional staff can be added by clicking “Add”

- An “Add Attendee” dialog box opens. Select staff from the “Staff Lookup” drop down menu and click “Save”. Repeat as needed

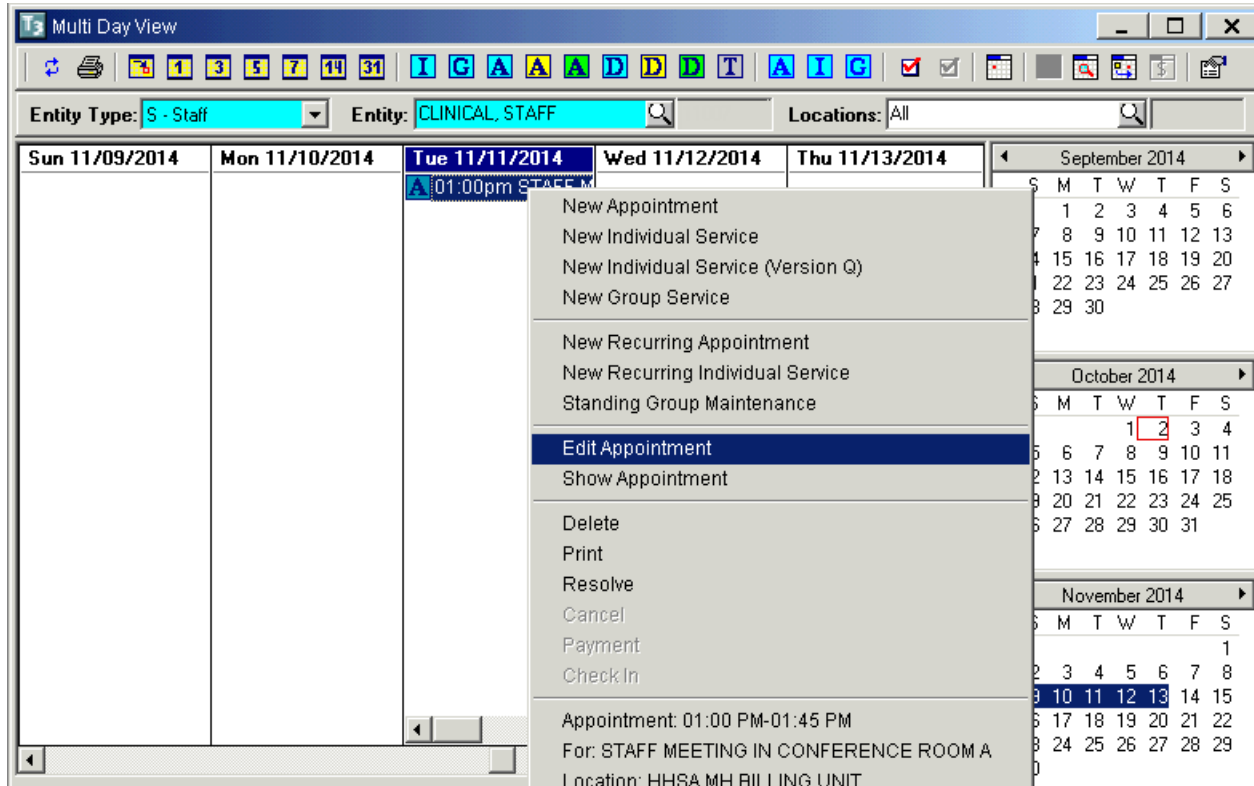

- After adding all attendees, click “Cancel”

## EDITING AN APPOINTMENT EVENT

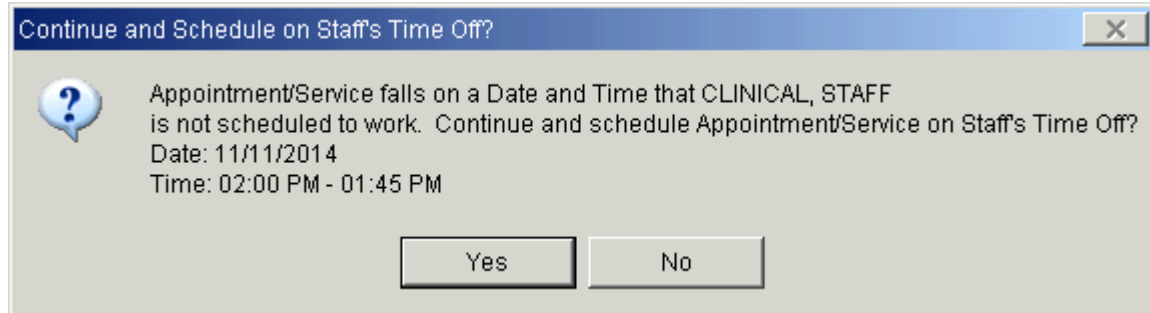

- Right click on the appointment event to be edited and click “Edit Appointment”

- The “Enter Appointment for [Staff Person’s Name]” screen appears. Make changes in the appropriate field(s) and click “Save”
- When the “Update Attendee and Calendar Records?” dialog box appears, click “Proceed with Save”

- If there is a schedule conflict, the “Schedule Conflict” dialog box appears. Click “Yes” to continue and save changes or “No” to review and correct before saving

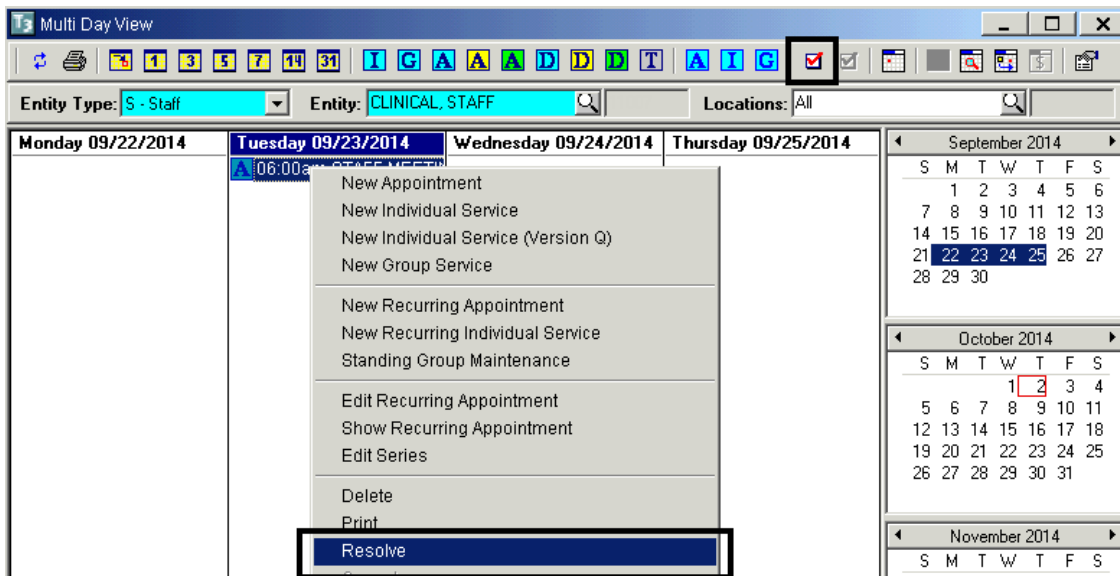

*NOTE: A scheduled non-recurring Appointment Event cannot be edited to become a recurring Appointment Event*

## RESOLVE/UNRESOLVE APPOINTMENT EVENT

When an event is resolved, that indicates that the event took place. Events on future dates cannot be resolved. It is a program decision as to whether or not they resolve appointment events.

There are two ways to resolve an appointment:

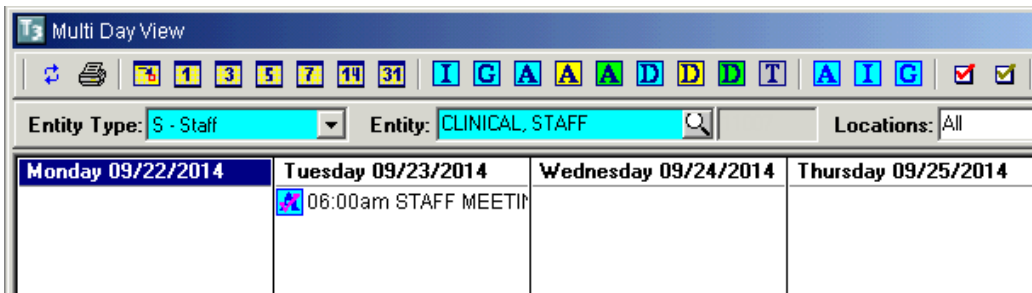

- Single click on the desired appointment on the calendar so that it is highlighted, and click the red check icon –or–
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Resolve”

- The Appointment window opens. Click “Resolve”, and then click “Cancel”

- The event displays on the calendar with a pink check

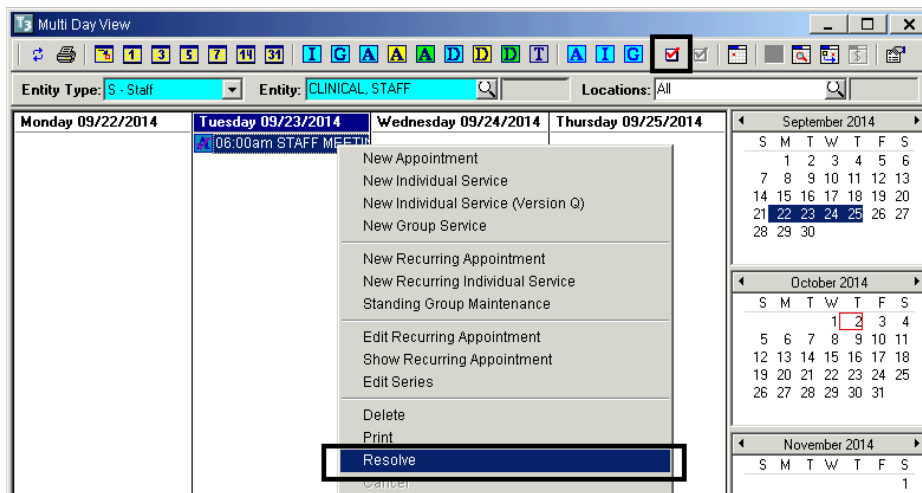

- *NOTE: If the event does not display on the calendar, check the “View Options” to ensure the “Display Resolved Services” box is checked*

The only reason you would unresolve, is if you resolved by mistake.

There are two ways to unresolve an appointment:

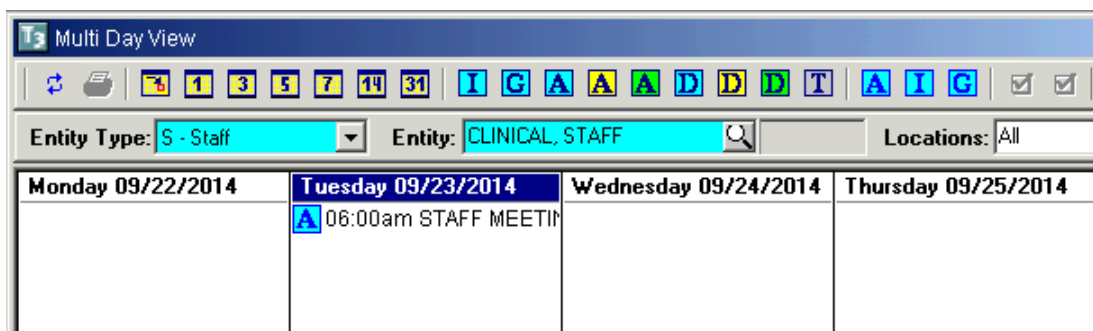

- Single click on the desired appointment on the calendar so that it is highlighted, and click the red check icon
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Resolve”

- The appointment window opens. Click “Unresolve”, and then click “Cancel”

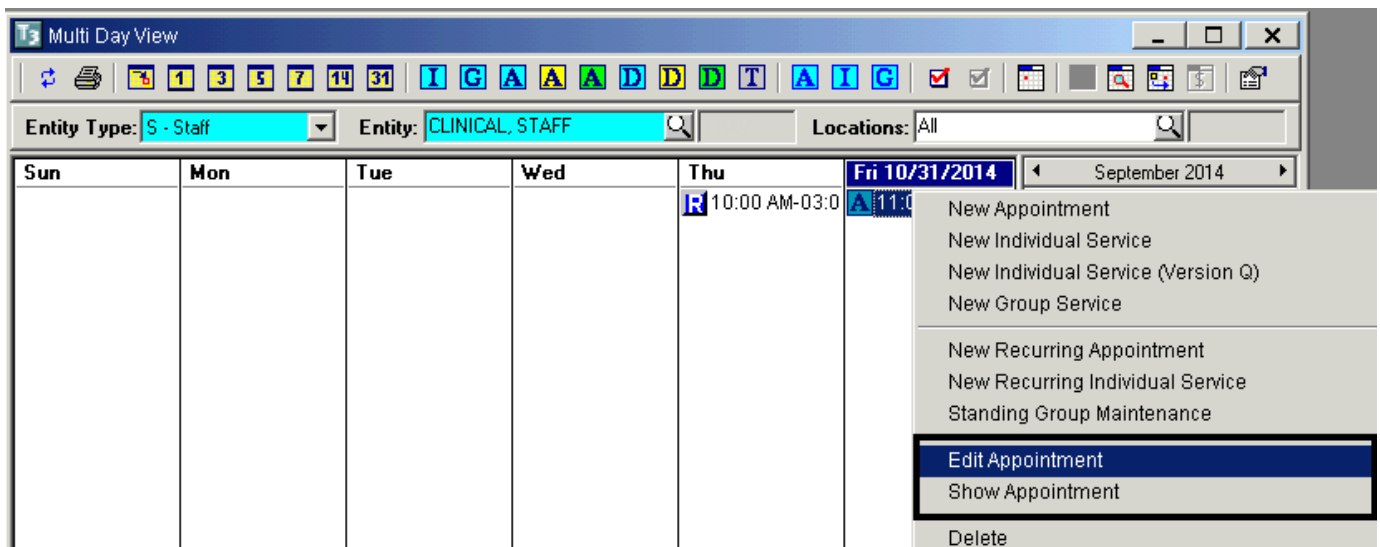

- The event displays on the calendar without a pink check

## APPOINTMENT EVENT LOG

The Event Log records the creator of an event and tracks the last change by date, time, and staff person. It also documents the cancellation reason by date, time, and staff person. The Event Log can be accessed from within any scheduled event. If the program wishes to track every change that occurs to a scheduled event, staff can enter a comment in the “Comment” section of the event.

- Open the appointment window either by double clicking on the appointment, or by right clicking and choosing “Edit Appointment” or “Show Appointment” from the drop down menu

- Click “Event Log”

- The tracking information displays. *NOTE: Cancellation information will only display if the event was cancelled*

The screenshot shows a window titled "Event Log" with a close button (X) in the top right corner. Below the title bar is a header area with a logo and the text "Event Logging Information". The main content area is divided into three sections, each with a header and input fields:

- Staff/Date/Time Event Created:** Staff: SCHEDULER, STAFF; Date/Time: 09/24/2014 03:46:00 PM
- Staff/Date/Time Event Last Modified:** Staff: SCHEDULER, STAFF; Date/Time: 09/24/2014 03:54:31 PM
- Staff/Date/Time Service Canceled:** Staff: (empty); Date/Time: / /; Cancellation Reason: (empty); Cancellation Count: 0

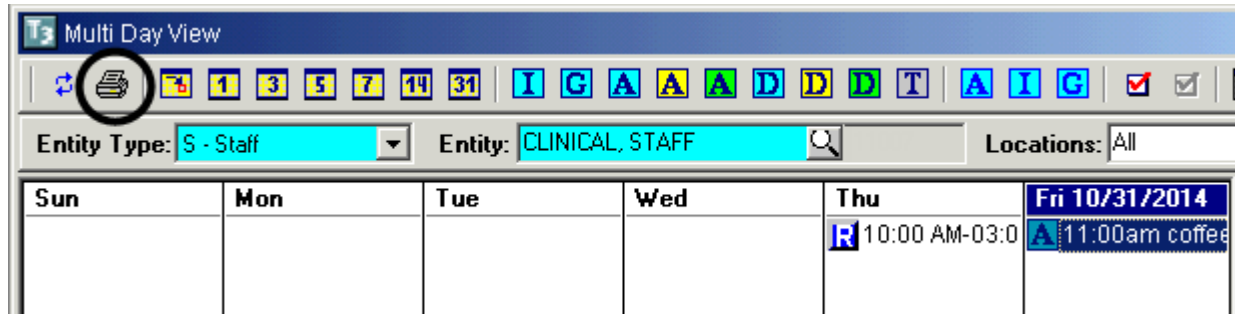

A "Cancel" button with a close icon (X) is located in the bottom right corner of the window and is highlighted with a black border.

- Click "CANCEL"
- Click "Cancel" to return to the calendar

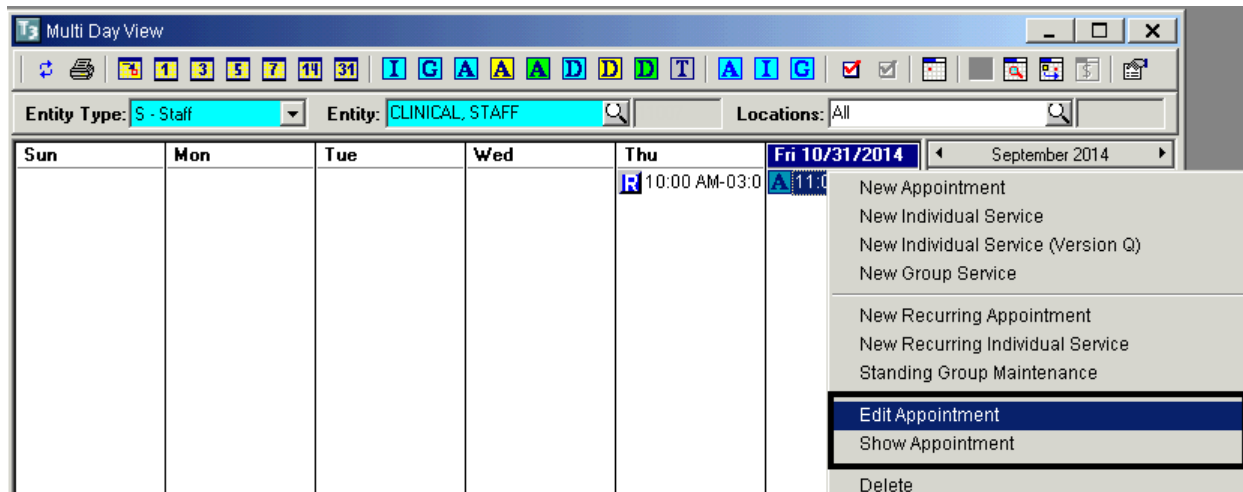

The screenshot shows a window titled "Enter Appointment for : CLINICAL, STAFF (Full Access)" with a close button (X) in the top right corner. Below the title bar is a toolbar with the following buttons: Save, Clear, Del..., Resolve, Print, and Event Log. A "Cancel" button with a close icon (X) is located in the bottom right corner of the window and is highlighted with a black border.

## PRINTING AN APPOINTMENT SHEET

When an appointment event has been saved, it then can be printed. Single click the appointment so that it is highlighted, and click the print icon at the top of the window.

You can also print by right clicking on the appointment and selecting either “Edit Appointment” or “Show Appointment” from the drop down menu

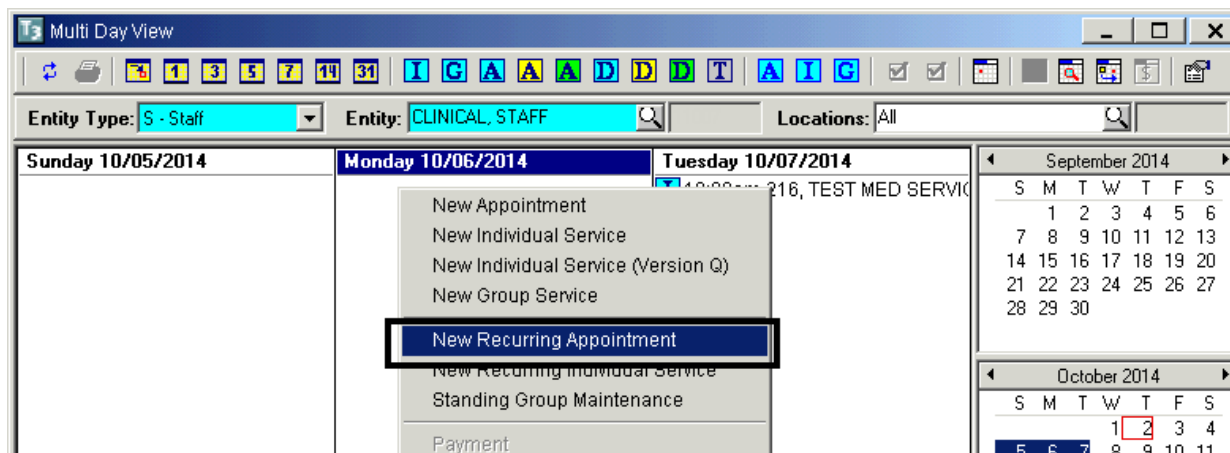

- The “Enter Appointment for [Staff Person’s Name]” window appears. Click “Print”

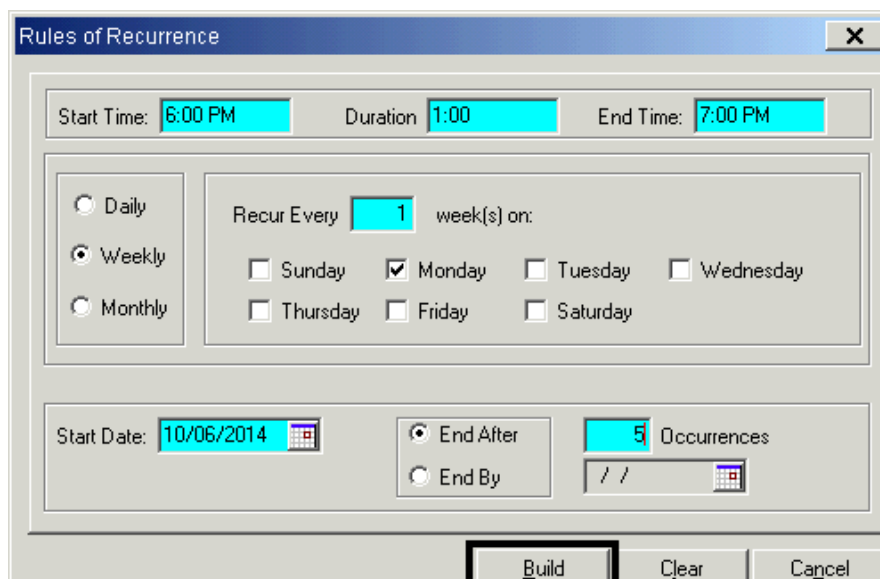

## RECURRING APPOINTMENT EVENT

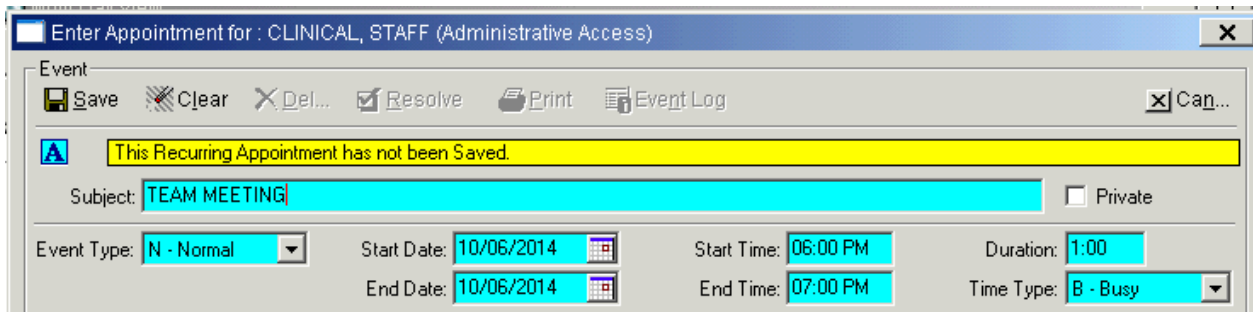

- Right click in the column of the day to be scheduled, and click “New Recurring Appointment” from the drop down menu

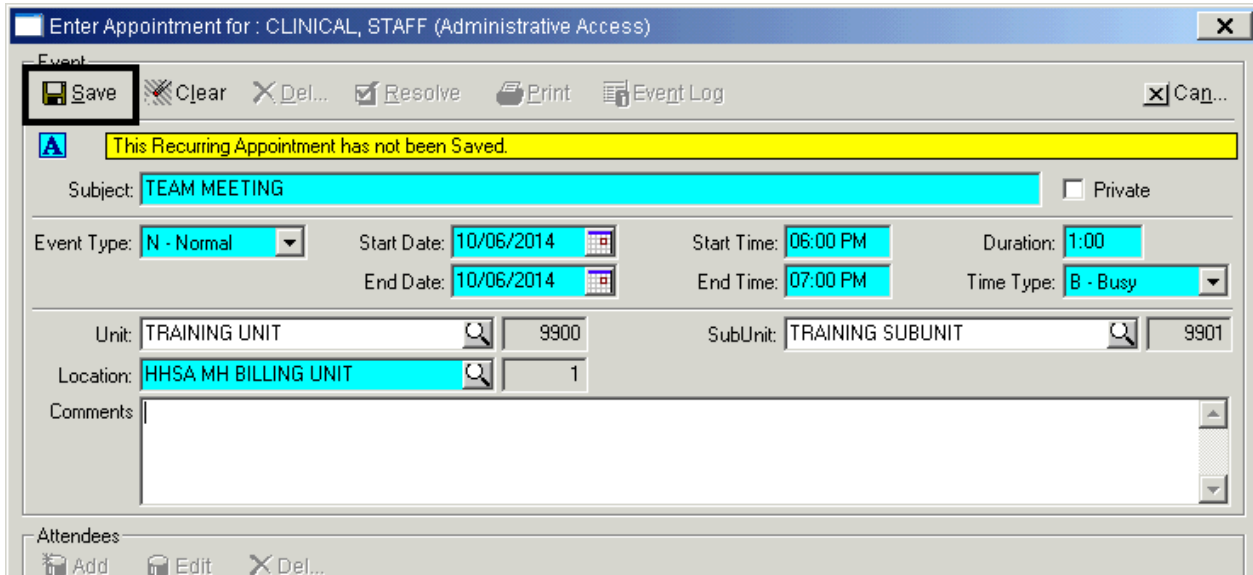

- A “Rules of Recurrence” screen appears. Complete the prompts by entering the appropriate information. The “Start Date” of the recurring appointment must be the date of the first scheduled appointment
- Click “Build”

- The “Enter Appointment for [Staff Person’s Name]” screen appears. Complete prompts by entering the appropriate information

- Enter the “Unit”, “SubUnit”, and “Location”.
- Click “Save”

- The “Attendees” box is then activated. If desired, click “Add” to enter additional staff

- Enter additional staff in the “Staff” field and “Save”

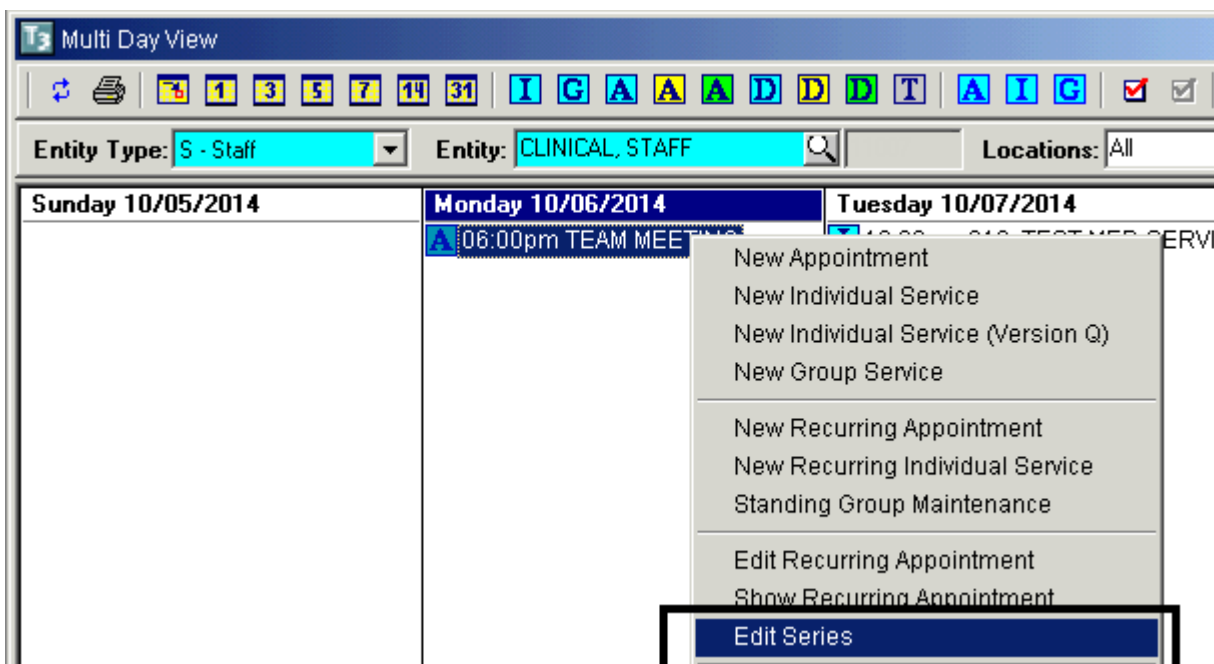

The screenshot shows a dialog box titled "Add Attendees". It contains several input fields and buttons. The "Entity Type" dropdown is set to "S - Staff". The "Staff" text box contains "TEST, STAFF". The "Event Type" dropdown is set to "N - Normal". The "Start Date" is "10/06/2014", "Start Time" is "06:00 PM", "Duration" is "1:00", "End Date" is "10/06/2014", and "End Time" is "07:00 PM". The "Time Type" dropdown is set to "B - Busy". At the bottom, there are three buttons: "Save", "Clear", and "Cancel". The "Save" button is highlighted with a black rectangular box.

- Once finished, click “Cancel”

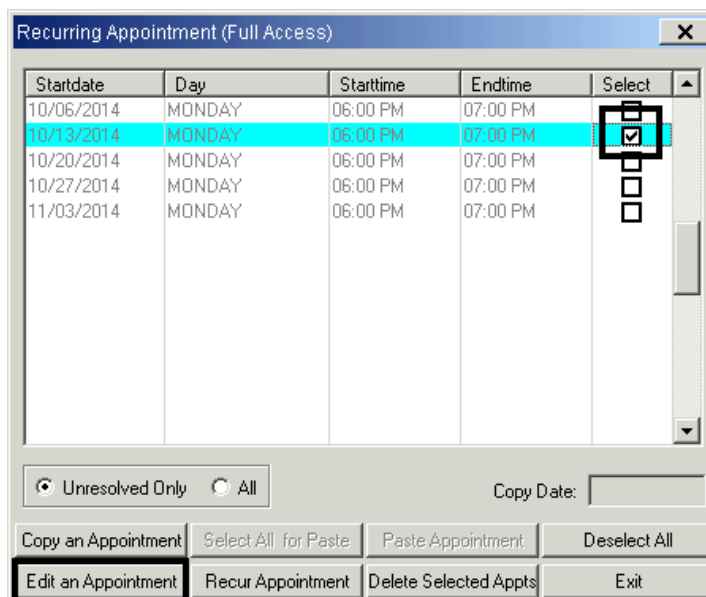

The screenshot shows a dialog box titled "Enter Appointment for : CLINICAL, STAFF (Administrative Access)". It features an "Event" toolbar with buttons for "Save", "Clear", "Del...", "Resolve", "Print", and "Event Log". The "Cancel" button is highlighted with a black rectangular box. Below the toolbar, a yellow warning bar contains the text "This Recurring Appointment will Occur in the Future." with a blue warning icon on the left.

## EDIT SERIES OF APPOINTMENT EVENTS

- To change an entire series that has already been scheduled, right click on any appointment in the series, and click “Edit Series”

- Check the box next to any appointment in the series, and click “Edit an Appointment”

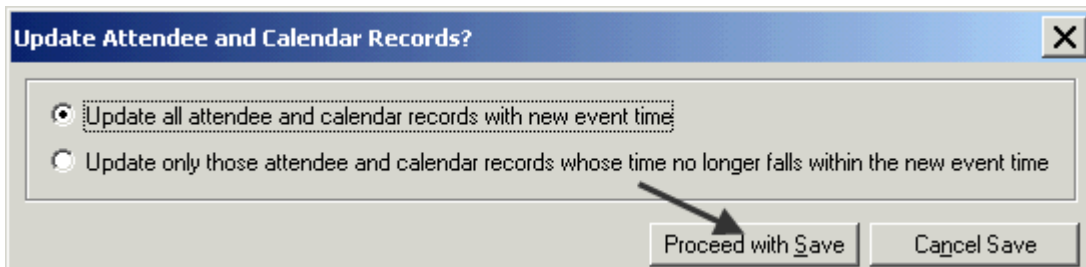

- Make the necessary change(s) and “Save”

*NOTE: In this example, the time is being changed from 6:00-7:00 to 5:00-6:00*

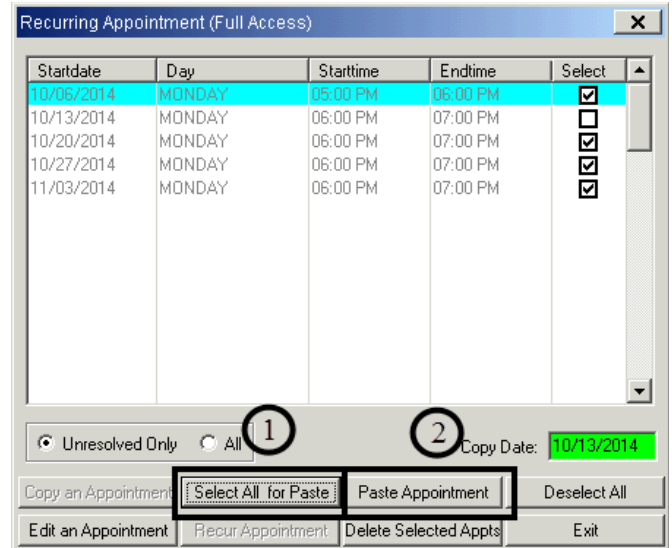

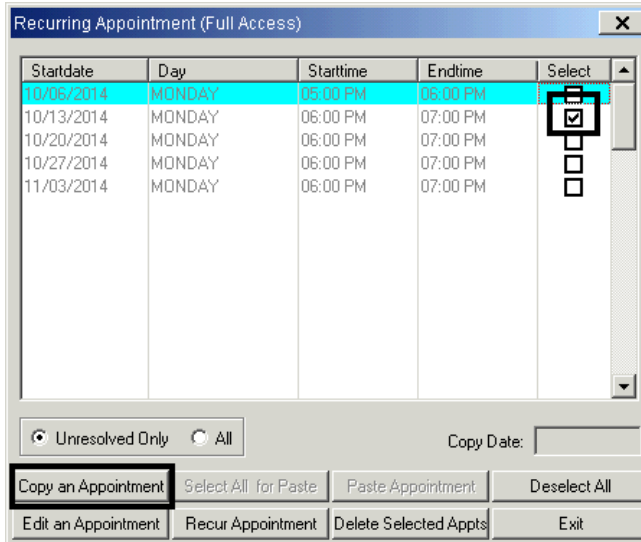

- “Proceed with Save” when you are asked to “Update all attendee and calendar records with new event time”

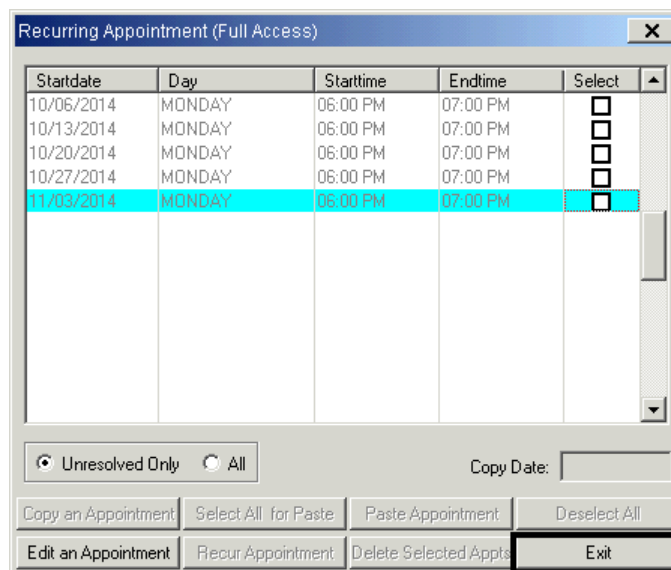

- Click “Cancel”

- If you wish to make the same change to other appointments in the series:
  - Select you appointment to copy
  - “Copy an Appointment”
  - “Select All for Paste”
  - “Paste Appointment”

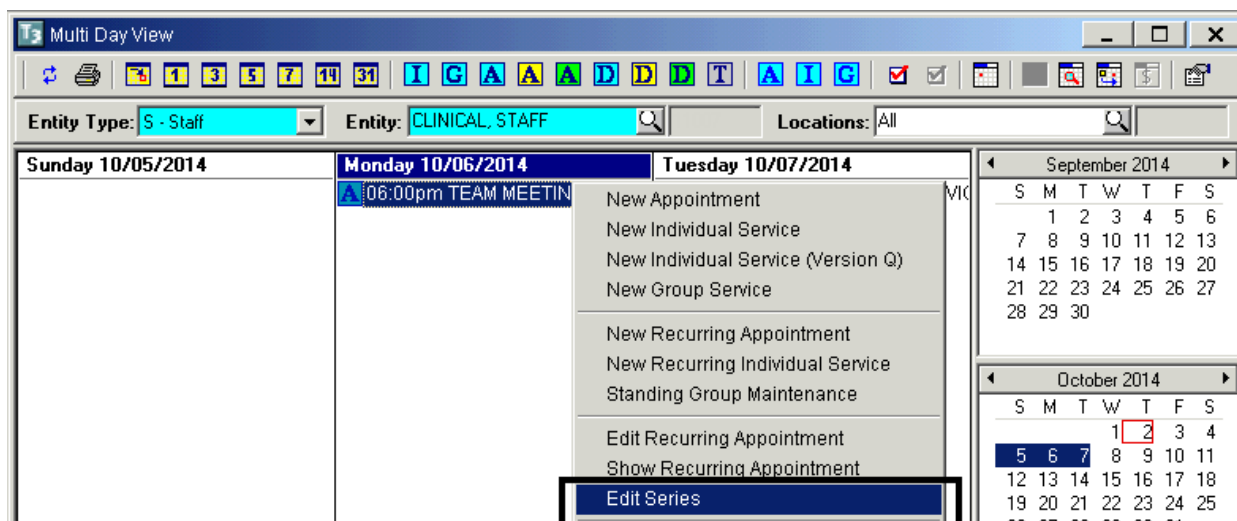

- The entire series is then updated with the change. Click “Exit”

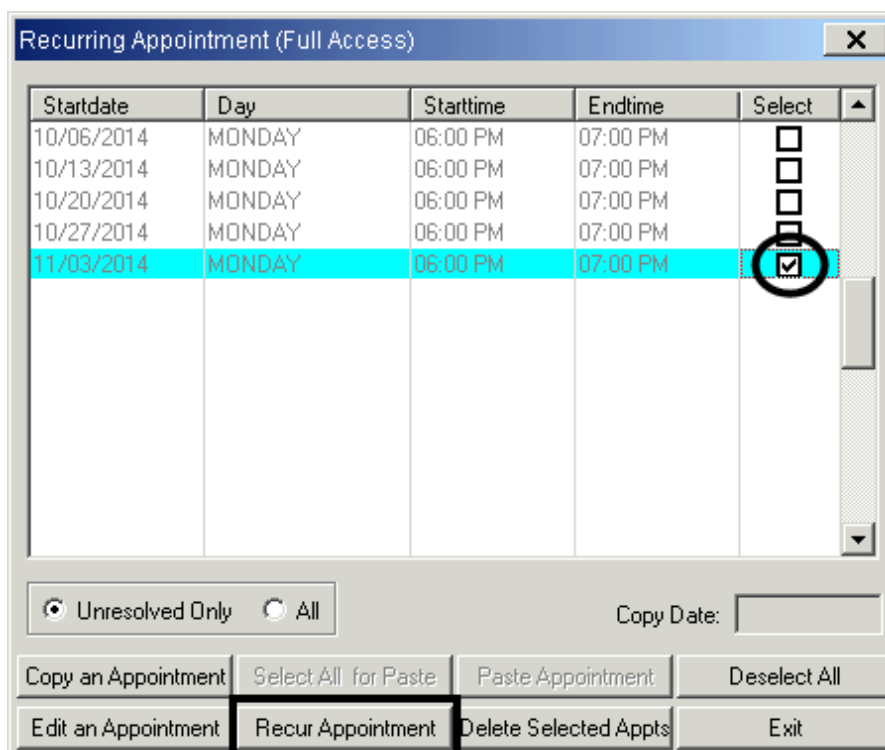

## RECUR EXPIRED APPOINTMENT EVENT

- If a recurring appointment is expiring, and you wish to add more occurrences to the series, right click on any appointment in the series, and click “Edit Series”

- Check the box next to the last appointment in the series, and click “Recur Appointment”

- Set the Rules of Recurrence. Make sure the Start Date is the first day that is not already scheduled (otherwise duplicate appointments will appear). Click “Build”

## DELETE SERIES OF APPOINTMENT EVENTS

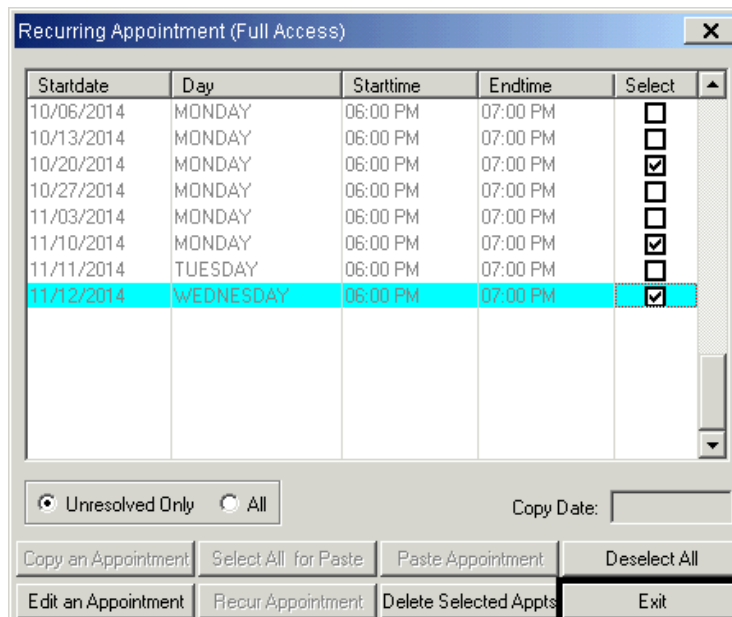

- Right click on any appointment in the series, and click “Edit Series”

- Check the boxes next to the desired appointments, and click “Delete Selected Appts”

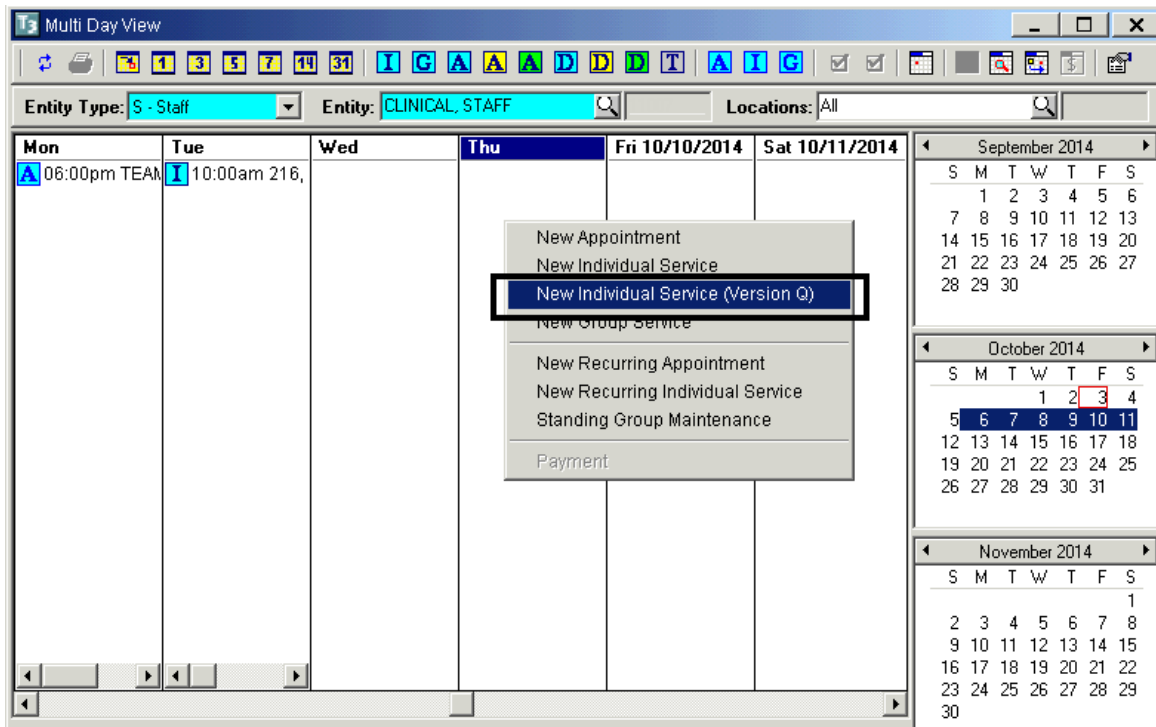

- They are then removed from the series. Click “Exit”

## VERSION Q

Version Q has fewer fields to complete than the individual client service screen. Version Q does not allow for the scheduling of a collateral server, comments cannot be added, and when Version Q service events are edited, they are done so in the individual client service screen.

- Right click in the open white area below the day you wish to schedule and click “New Individual Service (Version Q)” from the drop down menu

- The “Subject” can be manually entered, or it can be left blank. If it is left blank, it will default to the service code description after selecting the service code
- Enter the “Start Time”. The system will default to “am.” Either enter military time, or the letter “p” for pm. For duration, enter as H:MM (i.e. forty-five minutes is :45 and one hour and fifteen minutes is 1:15).The system will calculate the “End Time” automatically
- Select the client from the “Client Look Up” screen
- When the “Unit” is entered, the “Location” field automatically fills. Enter the Sub Unit

- E. The "Staff" field defaults to the entity selected when you originally right clicked on the Multi Day View; however, the staff person can be changed

- From the drop down menu, select the intended Service Code for the service event

## EDIT SERVICE EVENT

- Right click on the individual service event to be edited. Click “Edit Individual Service” from the drop down menu

- The “Add/Edit Individual Service for [Staff Member’s Name]” screen appears. Make the appropriate changes in the top container, “Save”. Make the appropriate changes in the bottom container, and click “Post/Save Service”

- The “Update Attendee and Calendar Records?” dialog box appears. Click “Proceed with Save”.

- Click “Exit”

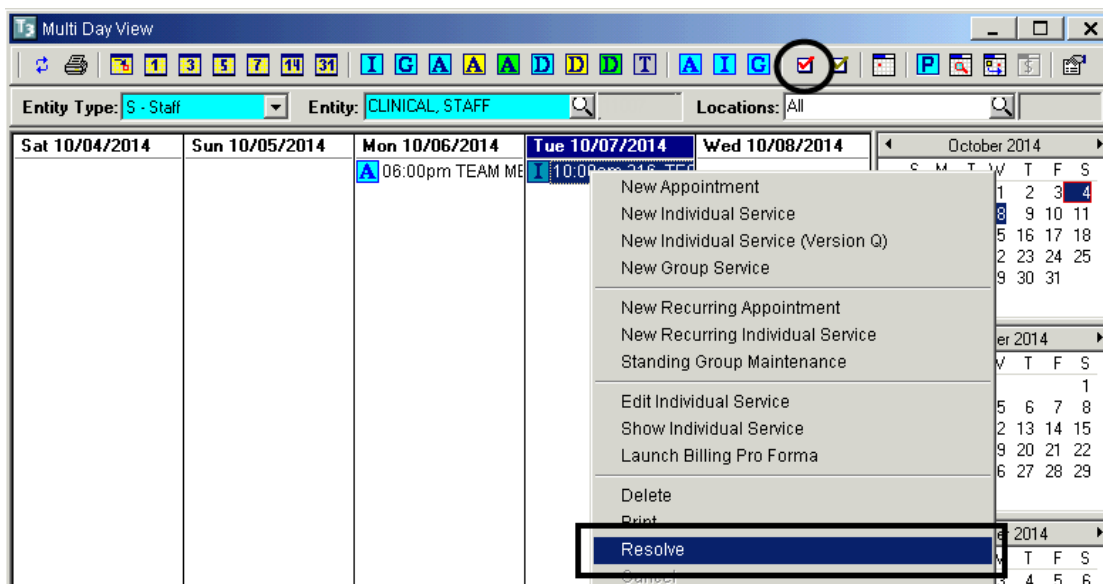

**NOTE-** A scheduled non-recurring Individual Service cannot be edited to become a recurring event

## RESOLVE/UNRESOLVE INDIVIDUAL SERVICE EVENT

When an event is resolved, that indicates that the event took place. Events on future dates cannot be resolved. NOTE: SDCMHS policy regarding scheduled events is that service events that actually occurred shall be resolved. Service events that did not occur shall not be resolved.

There are two ways to resolve an individual service event:

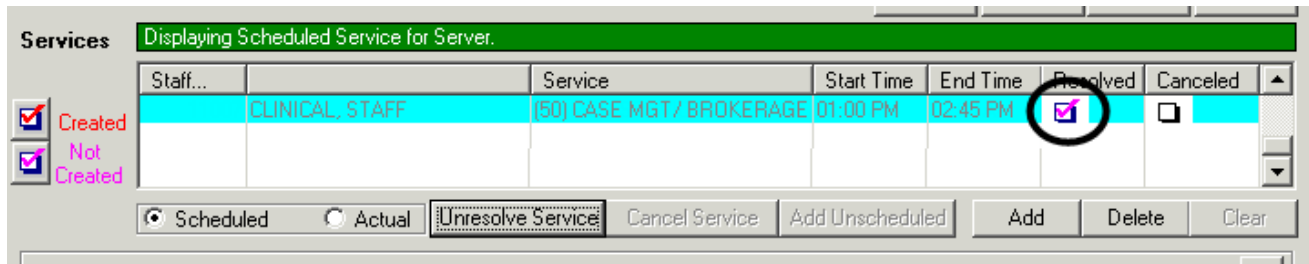

- Single click on the desired individual service event on the calendar so that it is highlighted, and click the red check icon –or–
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Resolve”

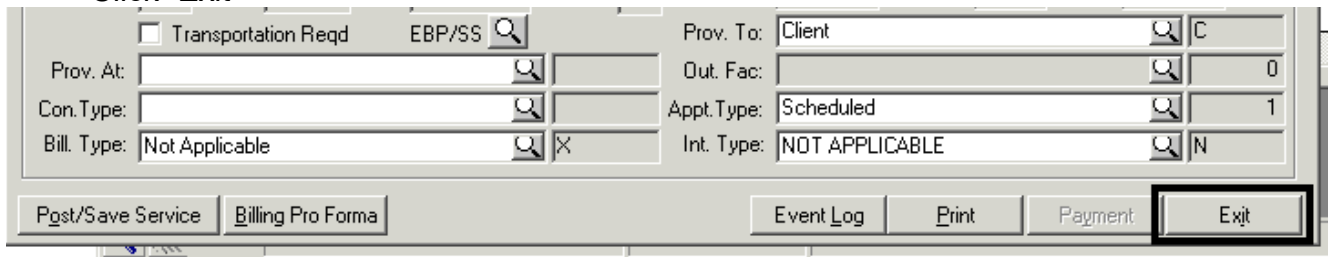

- The “Add/Edit Individual Service Scheduled for [Staff Member Name]” window opens. Click “Resolve Service”

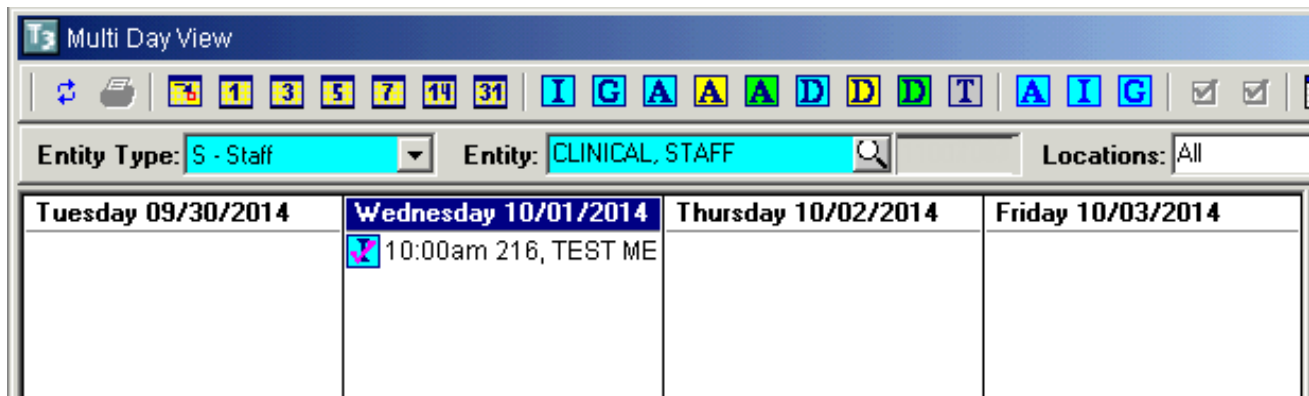

- A pink check box appears in the resolved column of the middle container

- Click "Exit"

- The event displays on the calendar with a pink check

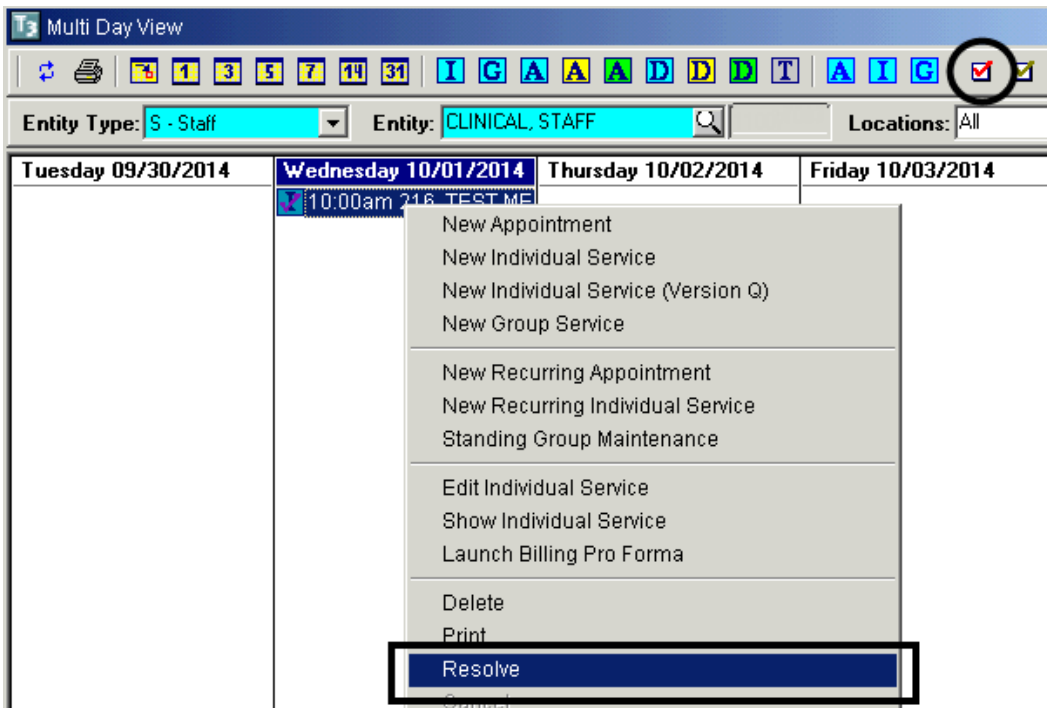

*NOTE: If the event does not display on the calendar, check the "View Options" to ensure the "Display Resolved Services" box is checked*

The only reason you would unresolve, is if you resolved by mistake.

There are two ways to unresolve an individual service event:

- Single click on the desired appointment on the calendar so that it is highlighted, and click the red check icon –or–
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Resolve”

- The “Add/Edit Individual Service Scheduled for [Staff Member Name]” window opens. Click “Unresolve Service”
- 

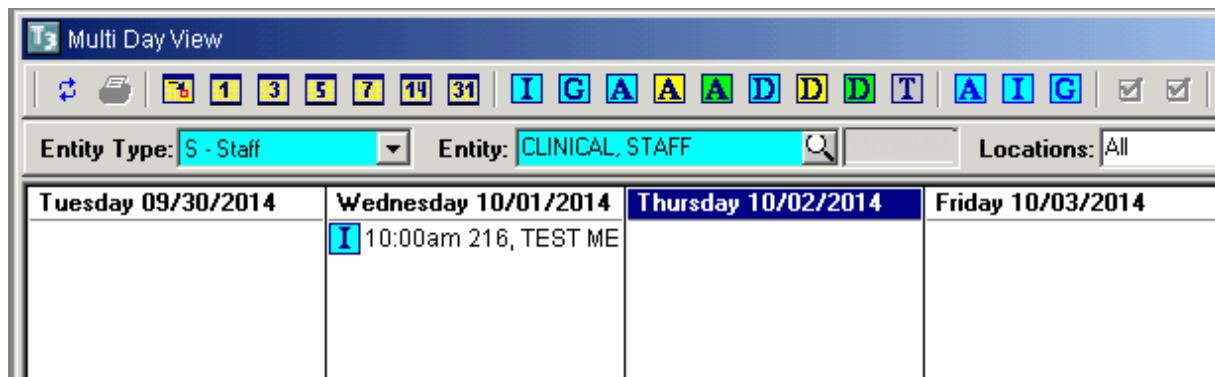

- The pink check box that was in the resolved column of the middle container disappears

- Click "Exit"

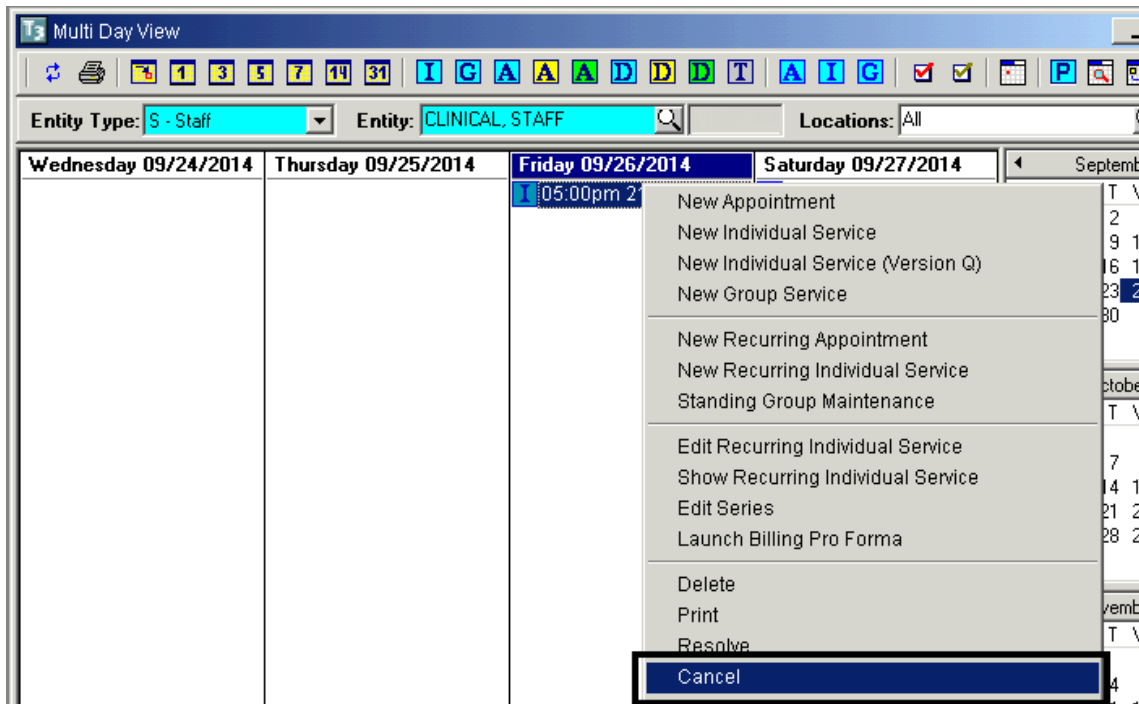

The event displays on the calendar without a pink check

## CANCEL/UNCANCEL

- Right click on the individual service event you wish to cancel, and from the drop down menu, click “Cancel”

- In the middle container, click “Cancel Service”

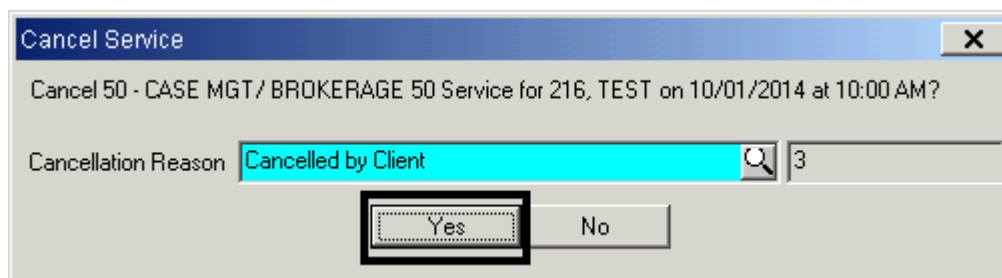

- The “Cancel Service” dialog box appears. Click the magnifying glass to access the “Cancellation Reason” table

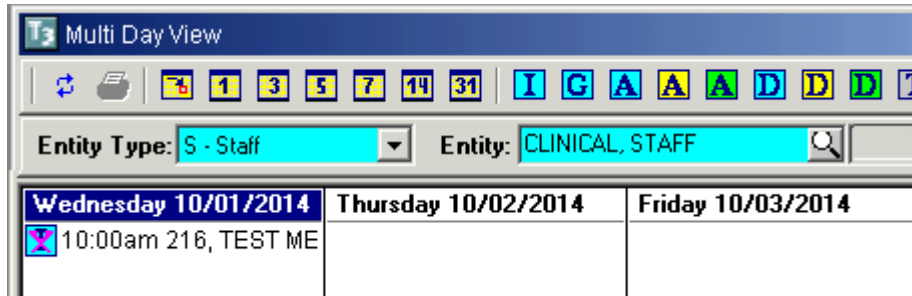

- Once a cancellation reason is selected, click “Yes”

- Click “Exit”

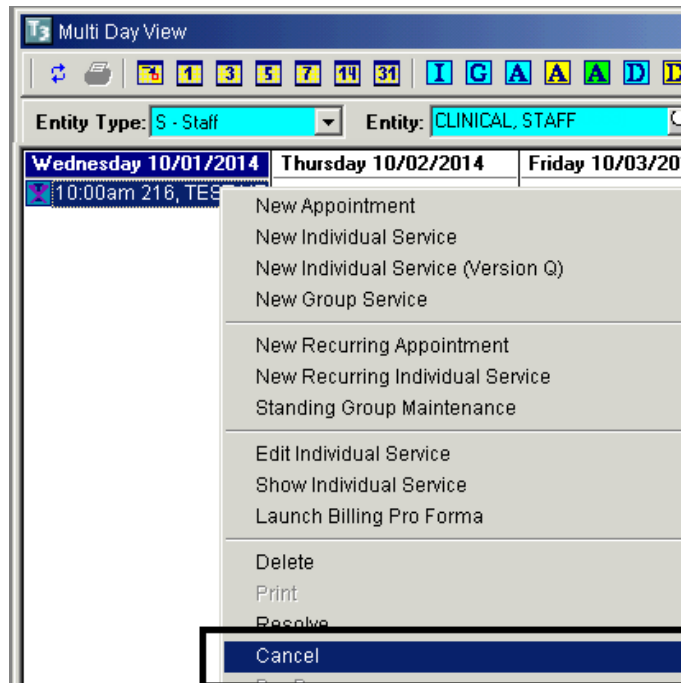

- The cancelled Individual Service Event displays on the calendar with a pink X

*NOTE: If the event does not display on the calendar, check the “View Options” to ensure the “Display Cancelled Services” box is checked*

**NOTE:** The only reason you would uncancel is if you cancelled by mistake

- Right click on the service you wish to uncancel, and from the drop down menu, click “Cancel”

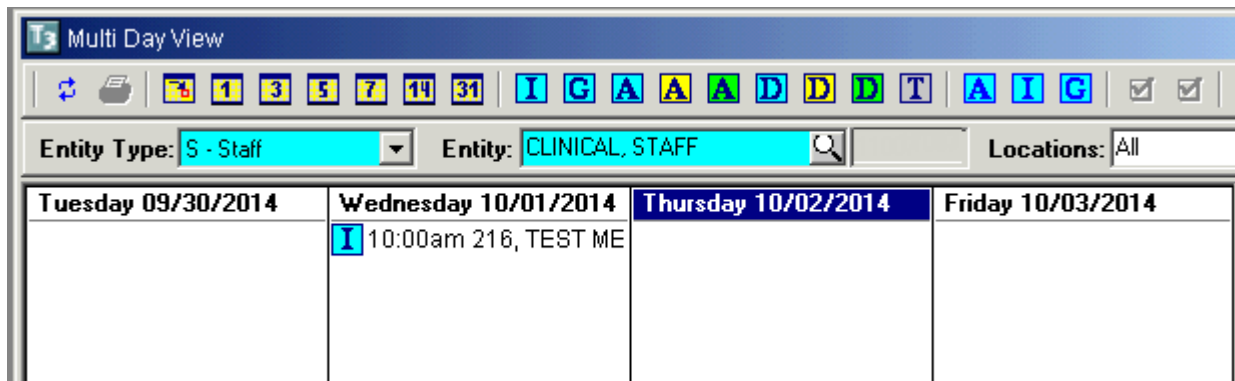

- Click the “Uncancel Service” button in the middle container

- Click “Exit” to return to the schedule

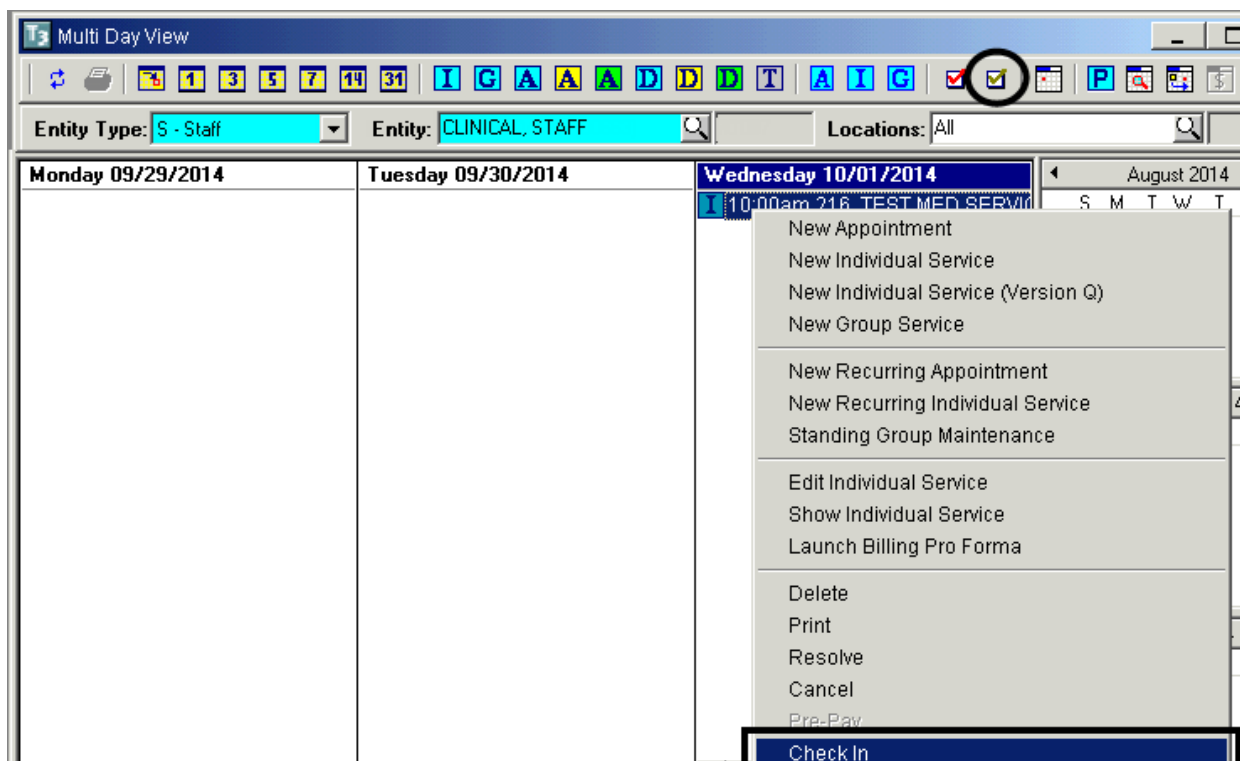

- The service event appears on the Multi Day View screen without the pink X

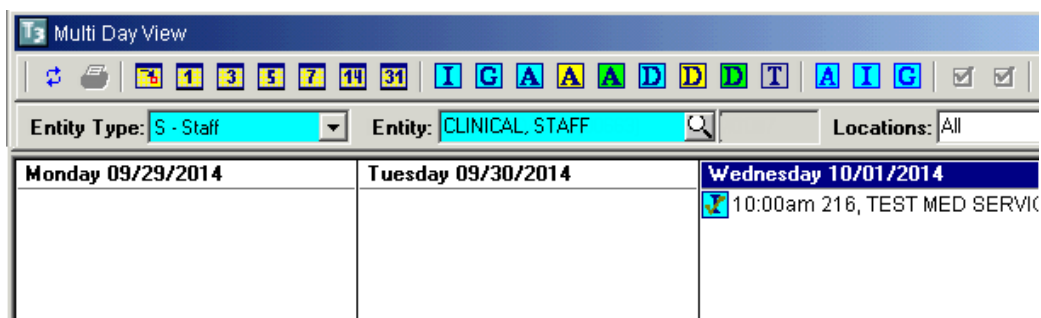

## CHECK IN/CHECK OUT

There are two ways to indicate that a client has arrived for the service event:

- Single click on the desired appointment on the calendar so that it is highlighted, and click the green check icon –or–
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Check In”

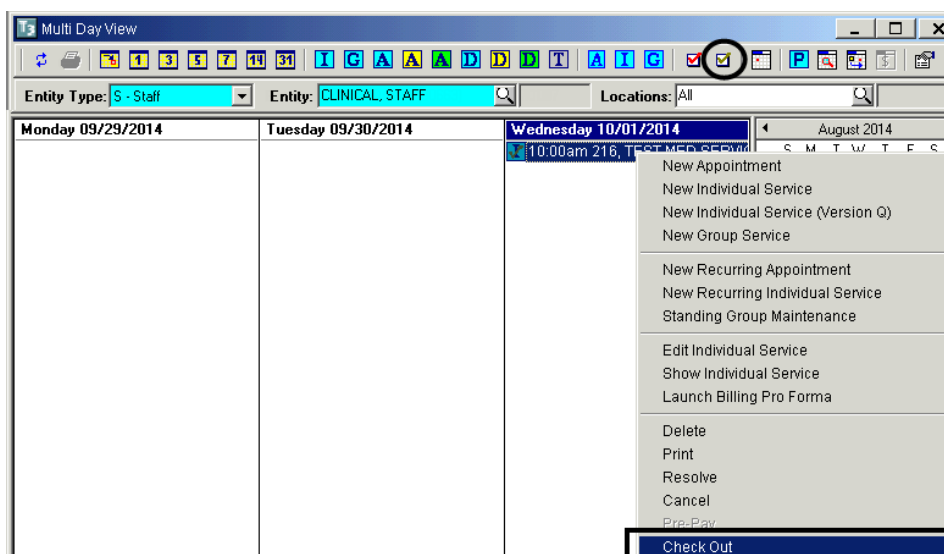

- A green check mark appears next to the event

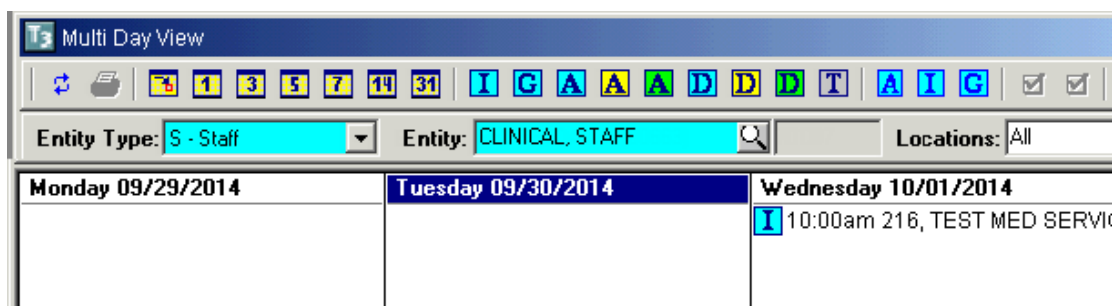

There are two ways to indicate that the client has checked out:

- Single click on the desired appointment on the calendar so that it is highlighted, and click the green check icon –or–
- Right click on the desired appointment on the calendar so that the drop down menu appears, and click “Check Out”.

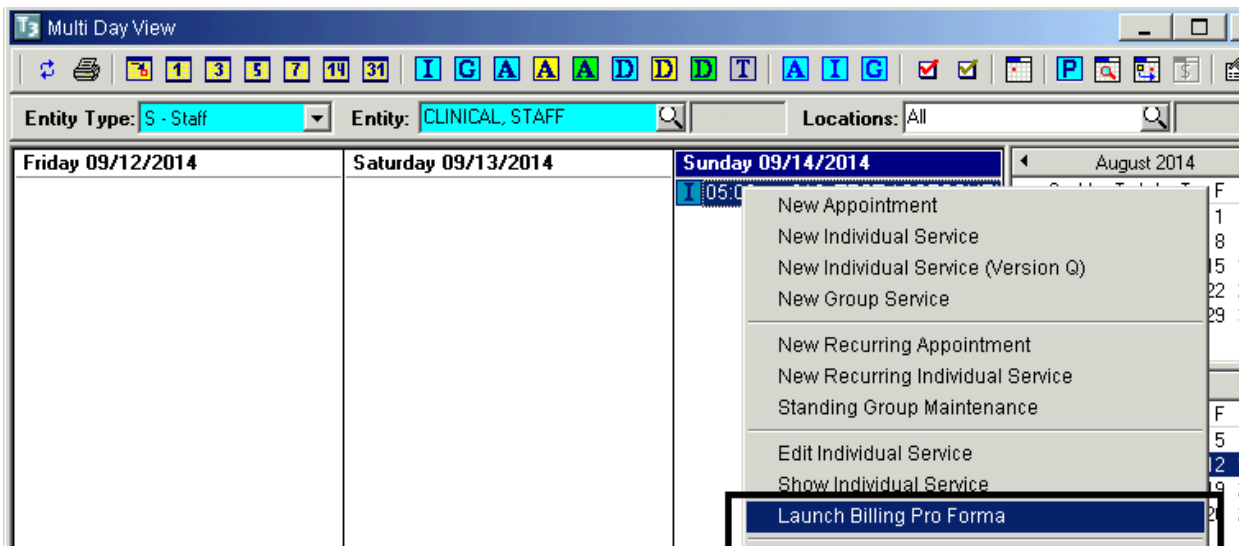

- The green check mark next to the event disappears

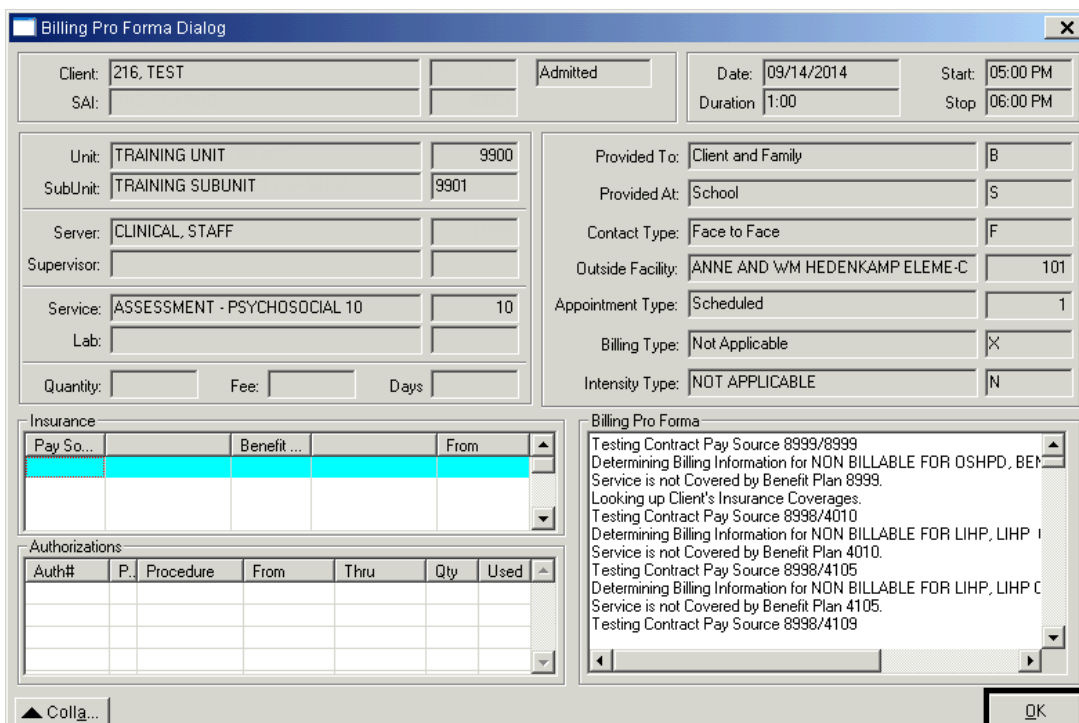

## BILLING PRO FORMA

- To see how a scheduled service will be billed to the client's pay source(s), right click on the desired service and click "Launch Billing Pro Forma"

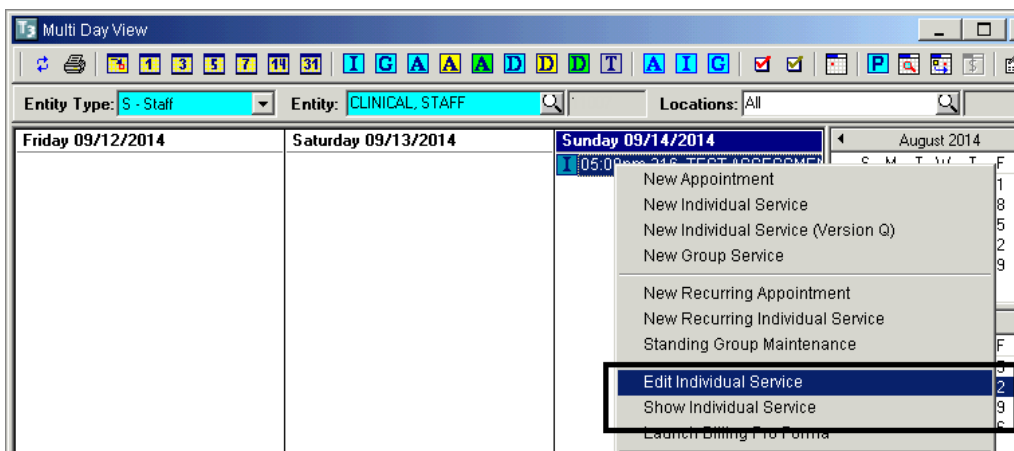

- The dialog box appears. Once you are done viewing, click "OK"

## EVENT LOG WITH CANCELLED SERVICE EVENT

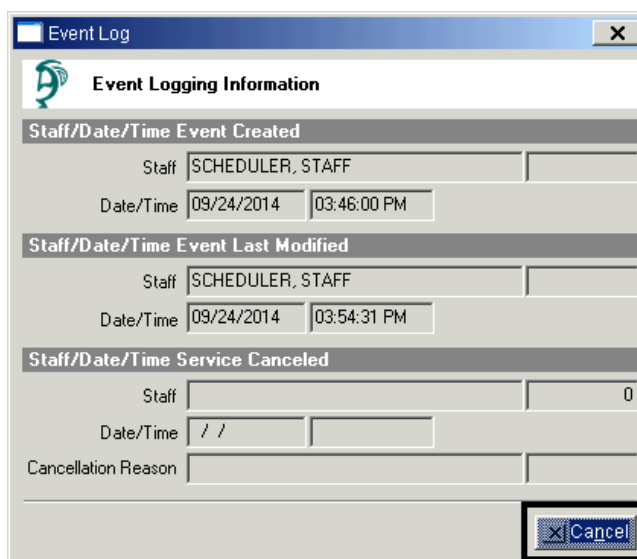

- Open the individual service window either by double clicking on the service event, or by right clicking and choosing “Edit Individual Service” or “Show Individual Service” from the drop down menu

- Click “Event Log”

- The tracking information displays, including the cancellation information if the event was cancelled. Once you are done viewing, click “Cancel”

- Click “Exit”

## PRINT CONSUMER ENCOUNTER FORM

The Consumer Encounter form includes information about the selected event.

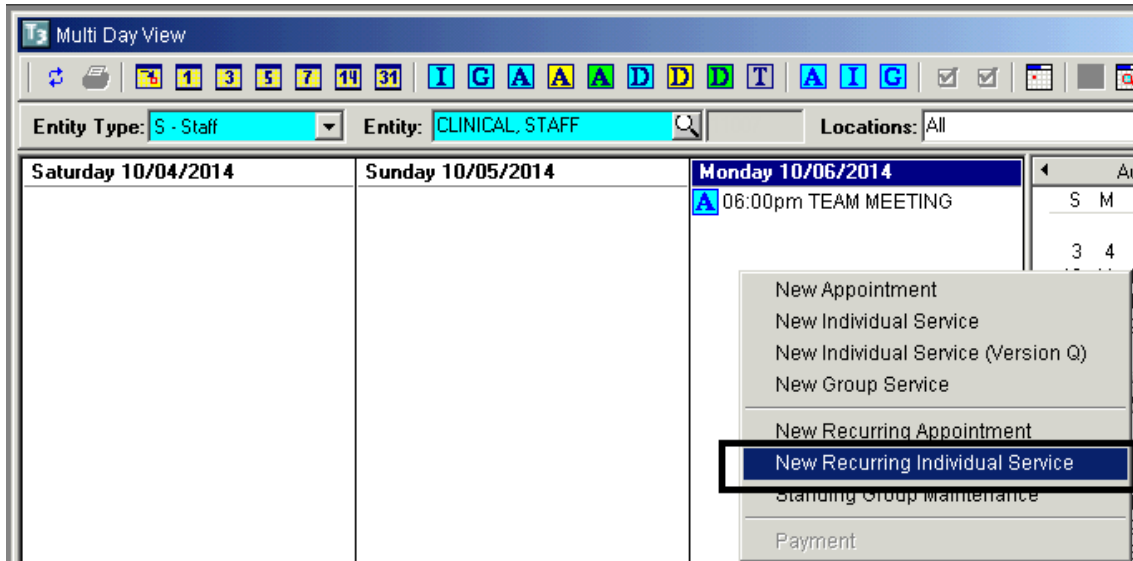

- Right click on the desired event and click “Print”

*NOTE: The Consumer Encounter Form is for staff use only and is not an appointment sheet for the client. Programs can determine how the form can be best utilized.*

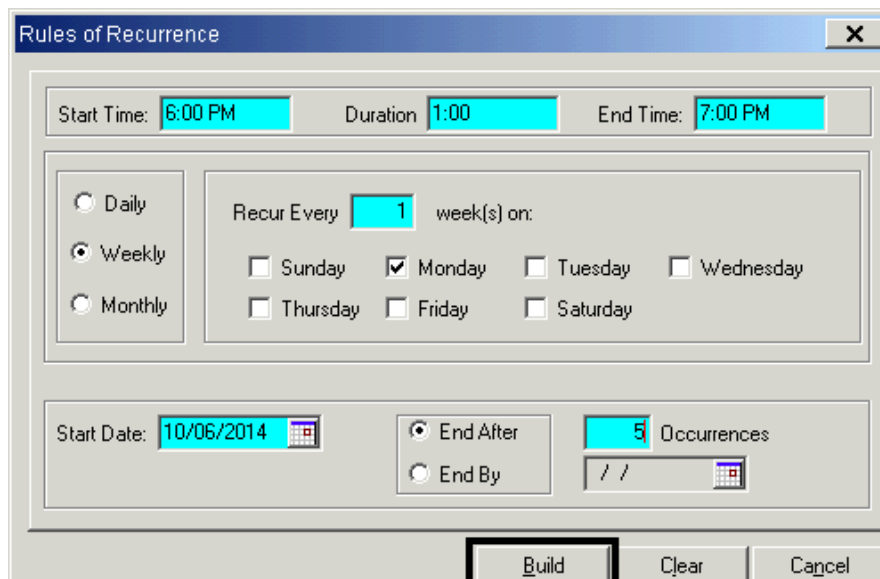

## RECURRING INDIVIDUAL SERVICE EVENT

**NOTE: Programs shall not exceed 90 days or twelve (12) weeks, when setting the “Rules of Recurrence” in the “End after” or “End by” fields.**

## FINDING AN OPEN TIME SLOT TO LOCATE

### RESERVE TIME MAINTENANCE

- To locate reserve time, click the “Find An Open Time Slot” icon on the menu bar of the single day view

- Enter the desired information and click “Find”

A dialog box titled "Find Open Time Slot" with a close button (X) in the top right corner. The dialog contains the following fields and controls:

- Staff: A text box containing "CLINICAL STAFF" with a magnifying glass icon to its right.
- Reserved Type: A text box containing "PAPERWORK / UPDATES" with a magnifying glass icon to its right and a small box containing the number "4".
- Start Date: A text box containing "10/30/2014" with a calendar icon to its right.
- Find: A dropdown menu currently showing "Next".
- One Hour: A dropdown menu currently showing "One Hour".
- time slot: Text label.
- Buttons: "Find" (with a magnifying glass icon), "Clear" (with a trash can icon), and "Cancel" (with an X icon).

- The date on the single day view calendar changes according to the selections chosen; however, the actual time slot is not automatically selected

## FINDING AN OPEN TIME SLOT

For staff who are booked solidly for weeks in advance, you can search for available time.

- Click the “Find An Open Time Slot” icon on the menu bar of the single day view

- Enter the desired information and click “Find”. NOTE: Leave “Reserved Type” blank

A screenshot of the 'Find Open Time Slot' dialog box. The dialog has a title bar with a close button. Below the title is a logo and the text 'Find Open Time Slot'. There are four input fields: 'Staff' with the text 'CLINICAL, STAFF', 'Reserved Type' which is empty, 'Start Date' with the date '10/30/2014', and 'Find' with a dropdown menu showing 'Next'. To the right of the 'Find' dropdown is another dropdown menu showing 'One Hour' and the text 'time slot'. At the bottom right, there are three buttons: 'Find' (with a magnifying glass icon), 'Clear' (with a trash can icon), and 'Cancel' (with an 'X' icon). The 'Find' button is highlighted with a black border.

- The date on the single day view calendar changes accordingly; however, the actual time slot is not automatically selected

- Right click in the column of the day to be scheduled, and click “Standing Group Maintenance”

- An “Add/Edit Standing Group” screen appears

- To create a new group, type a group ID in the “ID:” field. The group ID is the unit number followed by a three character abbreviation (i.e. 9900ART). Press the tab key on the keyboard and additional fields will open

The screenshot shows a dialog box titled "Add/Edit Standing Group (Administrative Access)". It has two tabs: "Main" and "Schedule". In the "Main" tab, there is an "ID:" field with the value "9900ART" and a "Description:" field which is empty. Below these are three dropdown menus for "Unit:", "SubUnit:", and "Location:", all of which are currently empty. To the right of these dropdowns is a "Slots:" field with the value "0". Below the dropdowns is a "Comments:" text area which is empty. At the bottom of the dialog, there are buttons for "Save", "Clear", and "Delete". At the very bottom, there are buttons for "Rules of Recurrence" and "Cancel".

- Enter the “Unit”, “SubUnit”, “Location”, and “Slots” (ideal number of clients for this group). Any additional information may be entered in the “Comments” field. Click “Save”

The screenshot shows the same dialog box as above, but now with more data entered. The "ID:" field still has "9900ART", but the "Description:" field now contains "9900 ART THERAPY CLASS". The "Unit:" dropdown menu is set to "TRAINING UNIT", "SubUnit:" to "TRAINING SUBUNIT", and "Location:" to "TRAINING LOCATION". The "Slots:" field now contains "10". The "Comments:" text area remains empty. The "Save" button at the bottom is now highlighted with a black border, indicating it is the next step in the process.

- Click “Rules of Recurrence”

The screenshot shows a dialog box titled "Add/Edit Standing Group (Administrative Access)". It has two tabs: "Main" and "Schedule". The "Main" tab is selected. The fields are as follows:

- ID: 9900ART
- Description: 9900 ART THERAPY CLASS
- Unit: TRAINING UNIT (ID: 9900)
- SubUnit: TRAINING SUBUNIT (ID: 9901)
- Location: TRAINING LOCATION (ID: 1)
- Slots: 10
- Comments: (empty text area)

Buttons at the bottom include "Save", "Clear", "Delete", "Rules of Recurrence" (highlighted with a black box), and "Cancel".

- Complete the prompts by entering the appropriate information, and click “Build”.

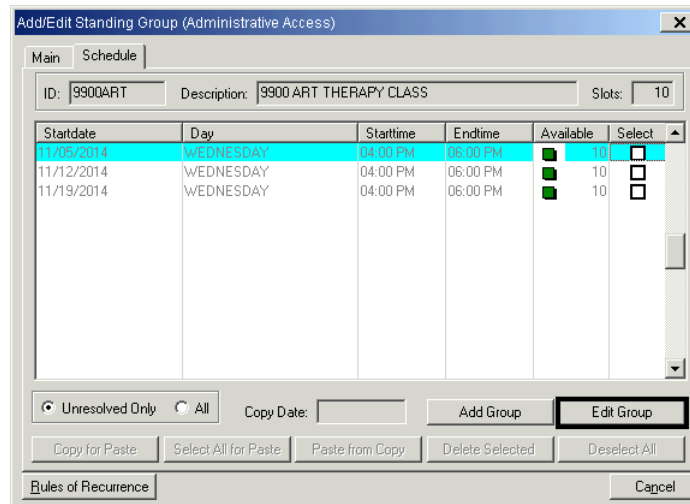

The screenshot shows a dialog box titled "Rules of Recurrence". The settings are as follows:

- Start Time: 4:00 PM
- Duration: 2:00
- End Time: 6:00 PM
- Frequency: Weekly (selected)
- Recur Every: 1 week(s) on:
  - Sunday
  - Monday
  - Tuesday
  - Wednesday
  - Thursday
  - Friday
  - Saturday
- Start Date: 11/05/2014
- End After: 3 Occurrences (selected)
- End By: / /

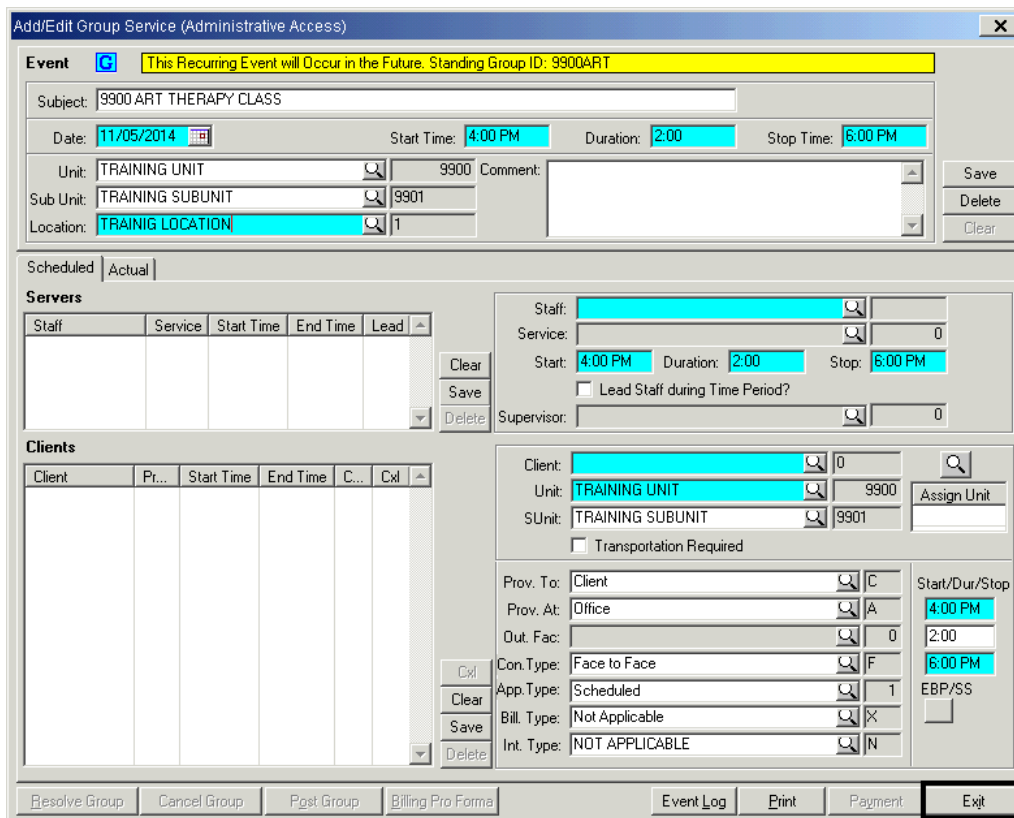

Buttons at the bottom include "Build" (highlighted with a black box), "Clear", and "Cancel".

**NOTE: The “Start Date” of the recurring appointment must be the date of the first scheduled appointment. Do not exceed 90 days when setting the “Rules of Recurrence” in the “End After” or “End By” fields**

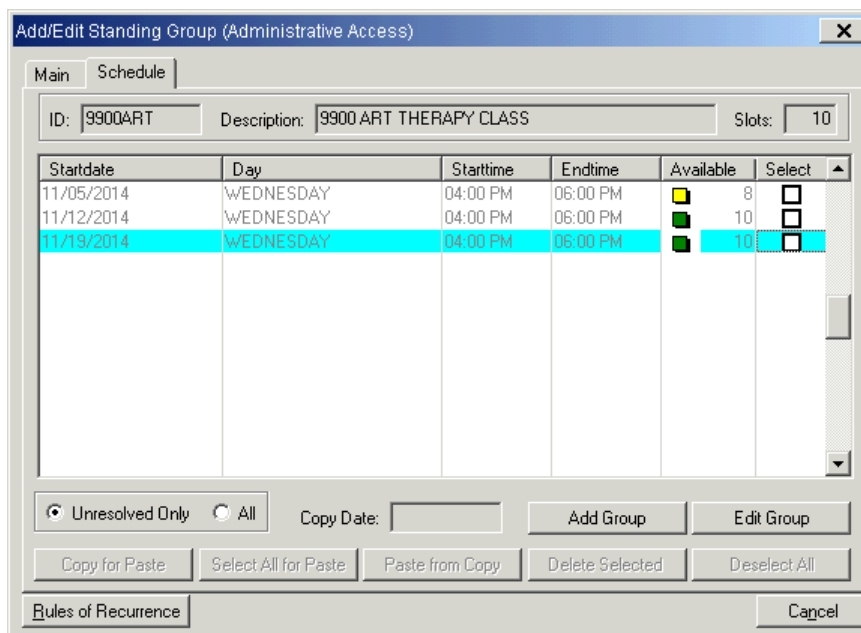

- The “Schedule” tab activates on the “Add/Edit Standing Group” window. Click “Edit Group”

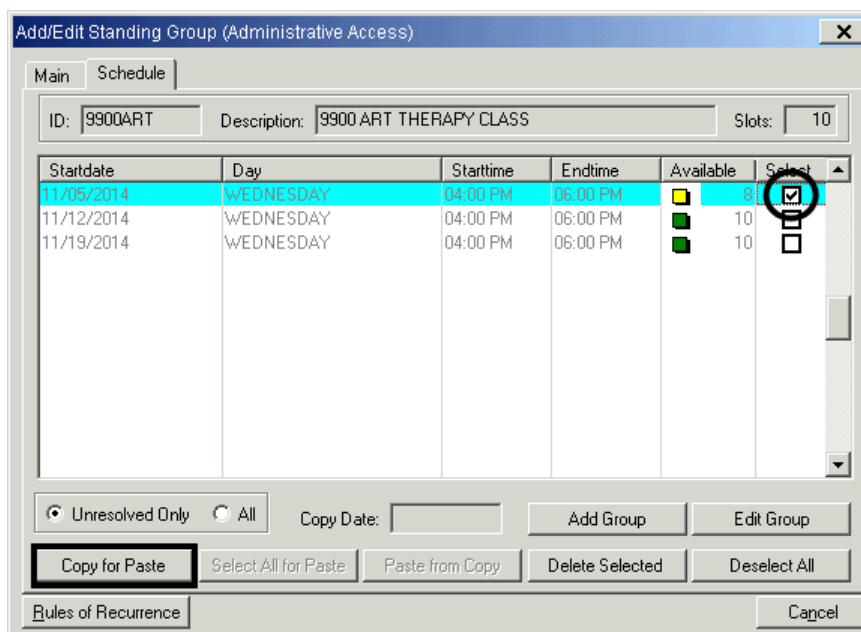

- The “Add/Edit Group Service” screen activates. Enter the necessary information in the top container, “Servers” container, and “Clients” container
- Once finished, click “Exit”

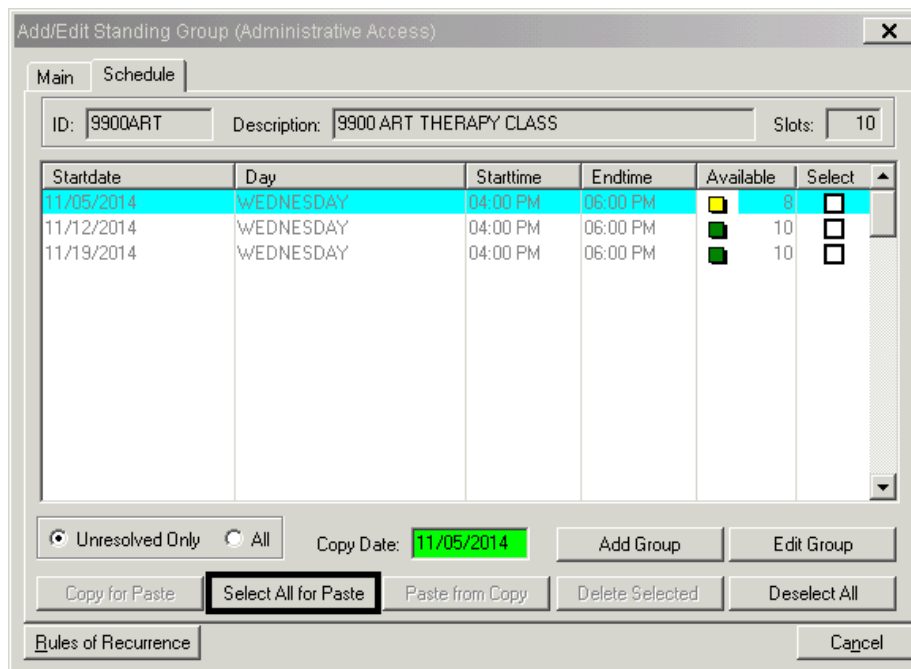

- The “Schedule” tab on the “Add/Edit Standing Group” window activates

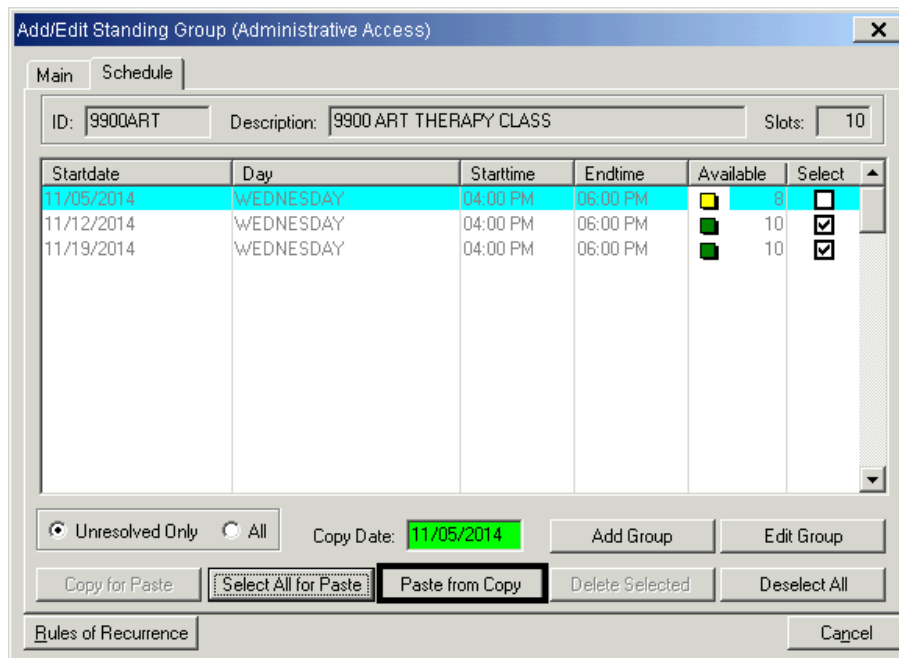

- To copy the staff and clients from the first date into the remaining dates, mark the check box in the “Select” column for the first date. The “Copy for Paste” button activates. Click “Copy for Paste”

- The “Select All for Paste” button activates. Click “Select All for Paste”

- The remaining check boxes in the “Select” column are automatically checked. The “Paste from Copy” button activates. Click “Paste from Copy”

- The staff, clients, service code, etc. from the initial group set-up are now copied to the remaining recurring groups. Click “Cancel”. This automatically applies the rules of recurrence and includes clients for the group on the staff schedule(s)

## STANDING GROUP MAINTENANCE (EXISTING)

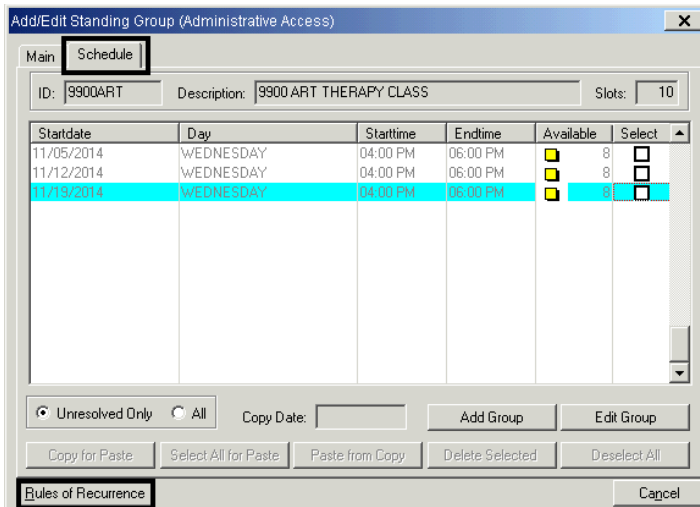

*NOTE: When editing from the “Standing Group Maintenance Screen”, never change the description of the group*

- To reuse a group ID and description, right click on any date and select “Standing Group Maintenance” from the drop down menu

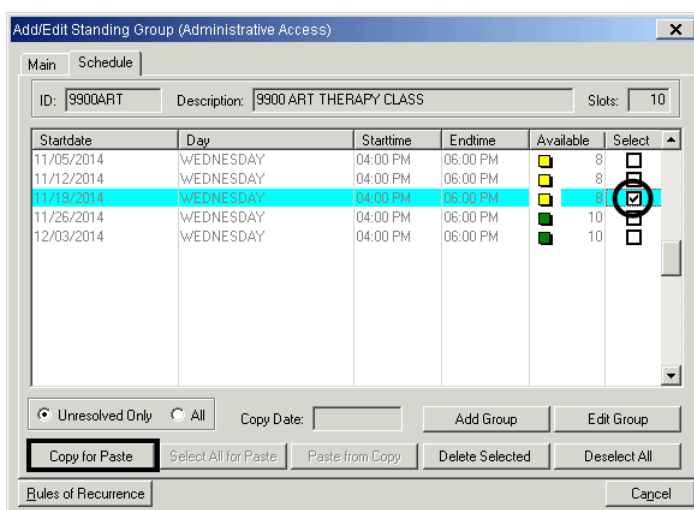

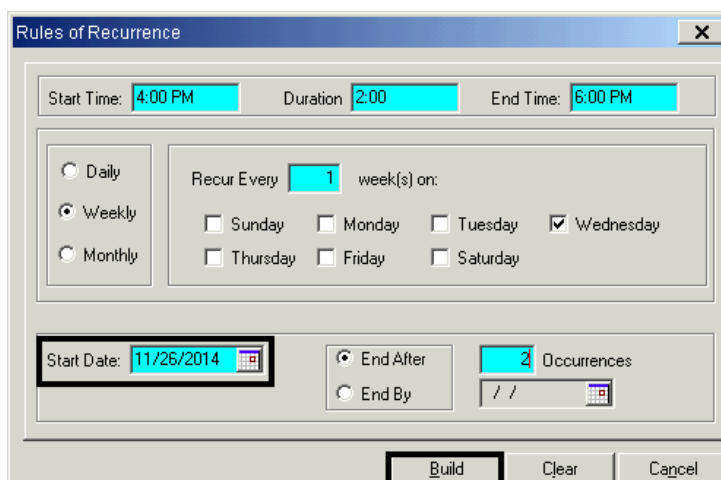

- The “Add/Edit Standing Group” screen appears. Enter the ID of the group and press the tab button on the keyboard. The fields will populate with the group information

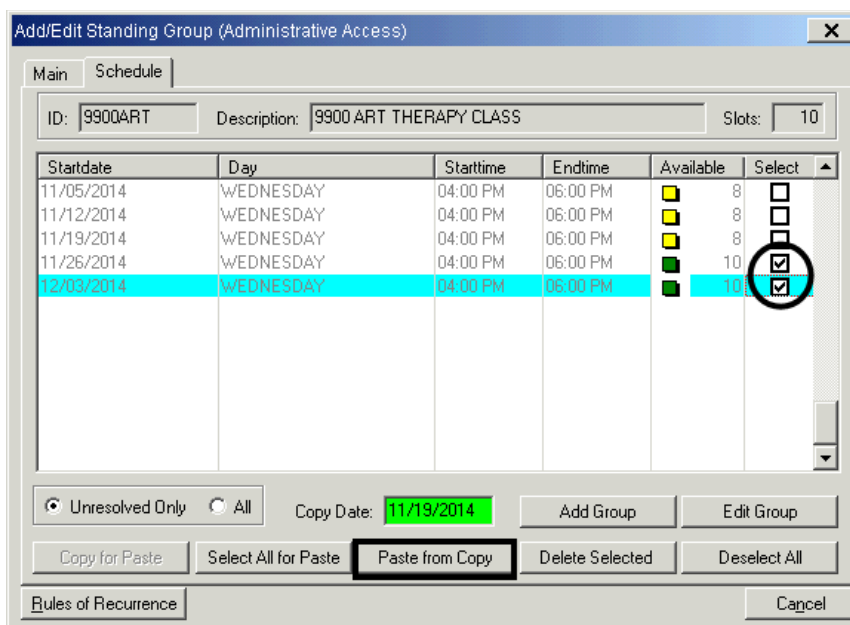

- Click on the “Schedule” tab, and click on “Rules of Recurrence”

- Enter a start date that does not overlap with a previous date for that group. Fill in the remaining fields as appropriate and click “Build”

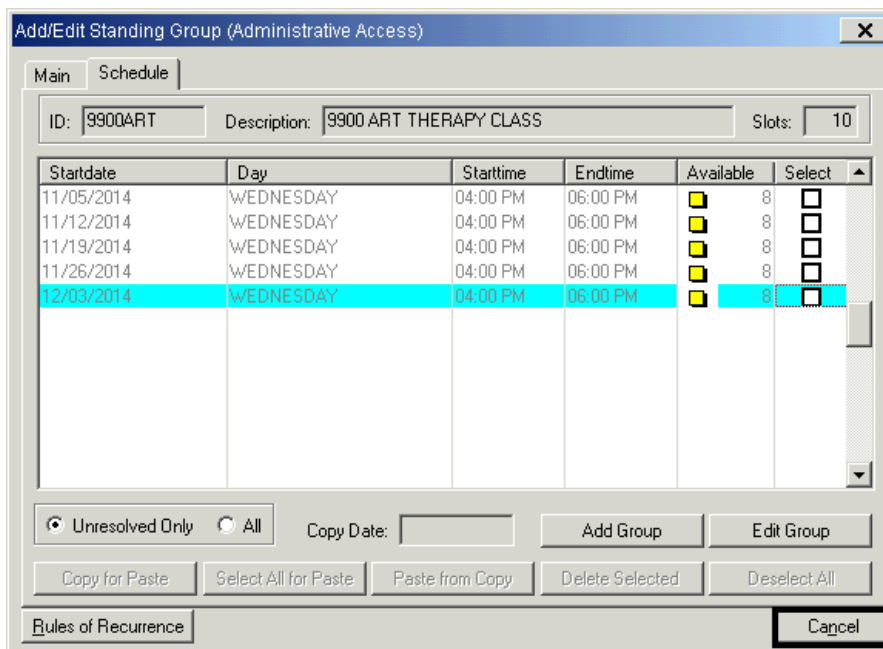

- To copy the clients and staff to the new dates, select the date you wish to copy, and mark the check box. The “Copy for Paste” button activates. Click “Copy for Paste”

- Mark the check boxes for the dates you wish to copy the information into. Click “Paste from Copy”

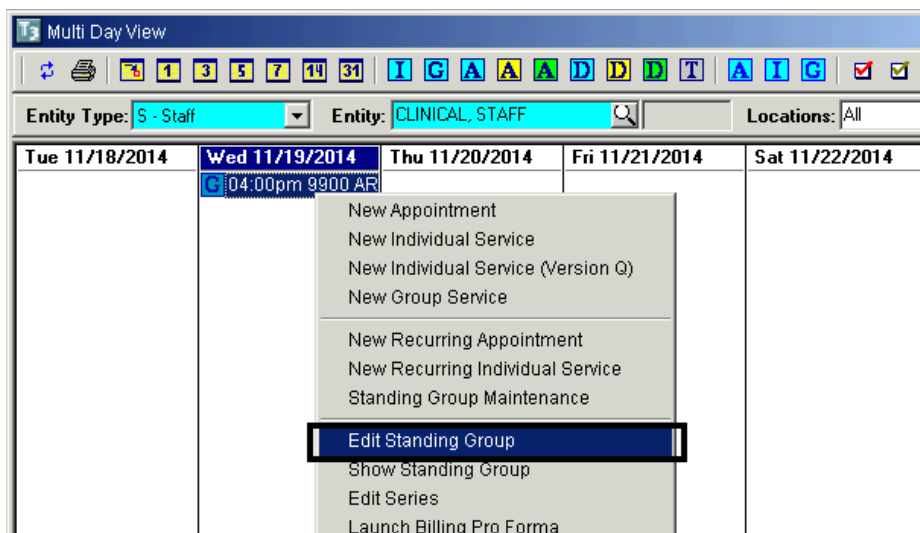

- The staff, clients, service code, etc. from the initial group set-up are now copied to the new recurring groups. Click “Cancel”. This automatically applies the rules of recurrence and includes clients for the group on the staff schedule(s)

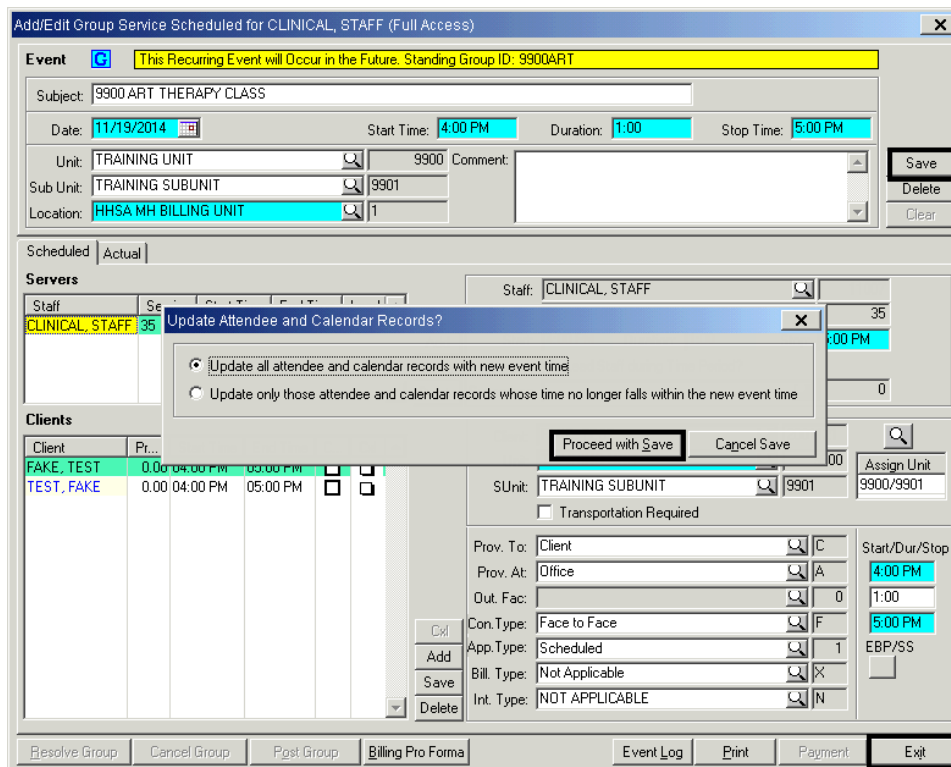

## EDIT ONE GROUP SERVICE EVENT

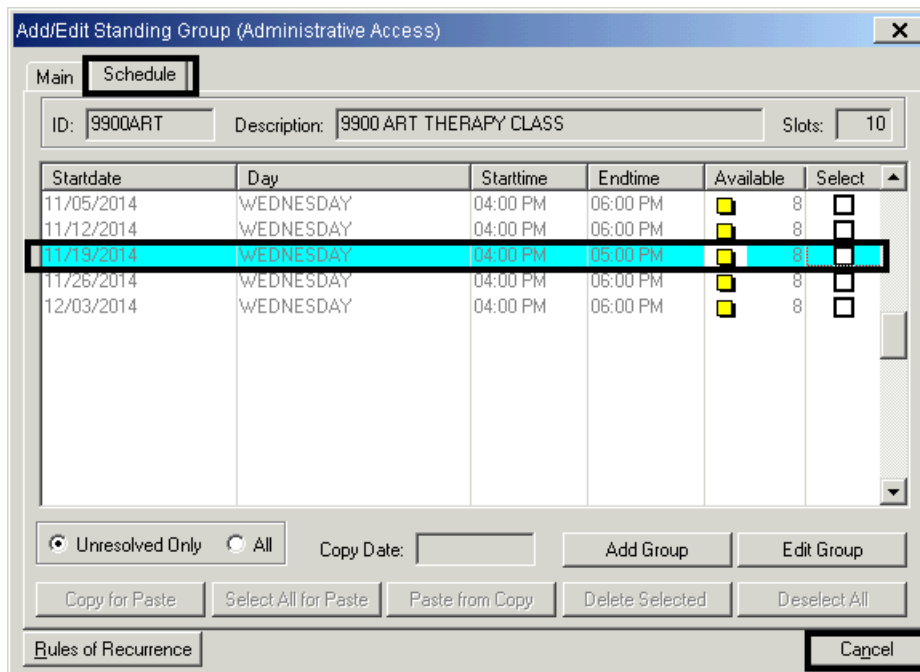

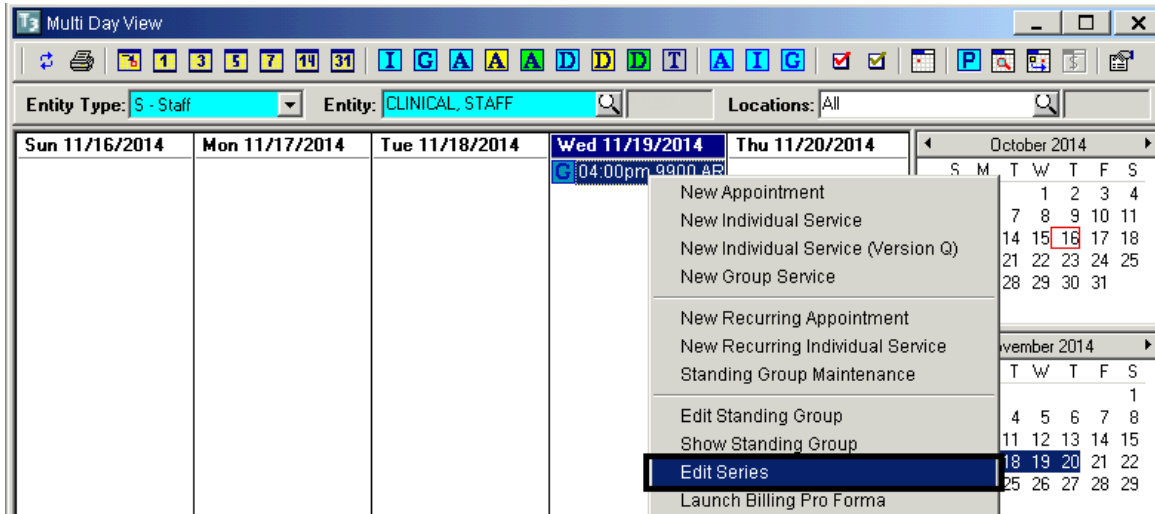

- Right click on the Standing Group in the staff person's schedule, and click "Edit Standing Group"

- The "Add/Edit Group Service" screen appears. Make the appropriate changes, click "Save", respond to the dialog box, and then click "Exit"

- If the “Schedule” tab is reopened. (Right click, “Edit Series”). It is observed that the changes are only applied to the selected group. Click “Cancel”

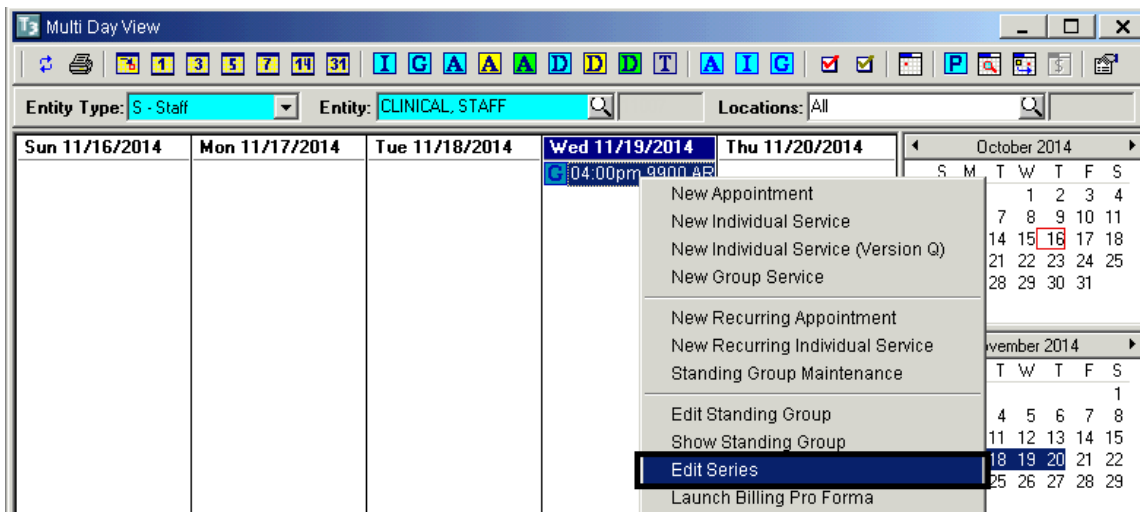

## EDIT SERIES OF GROUP SERVICE EVENTS

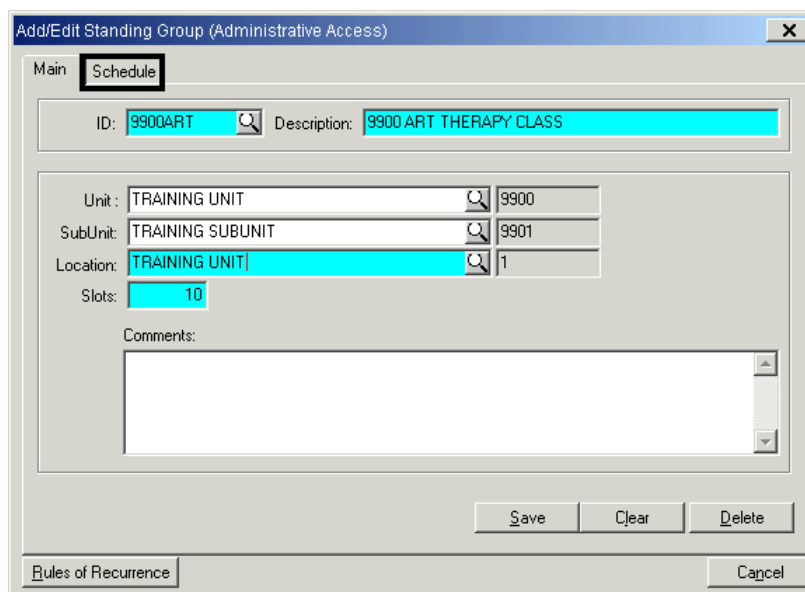

*NOTE: When editing a standing group, do not select the “Rules of Recurrence” button because you will create a new group instead of editing the existing group*

*NOTE: When editing a standing group, do not change the description of the group because the series will disappear*

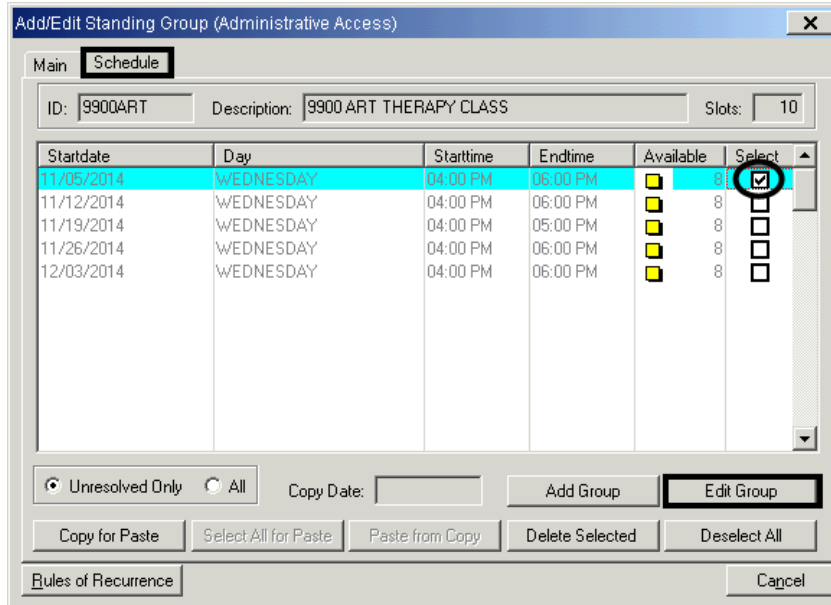

- Right click on the Standing Group in the staff person’s schedule, and click “Edit Series”

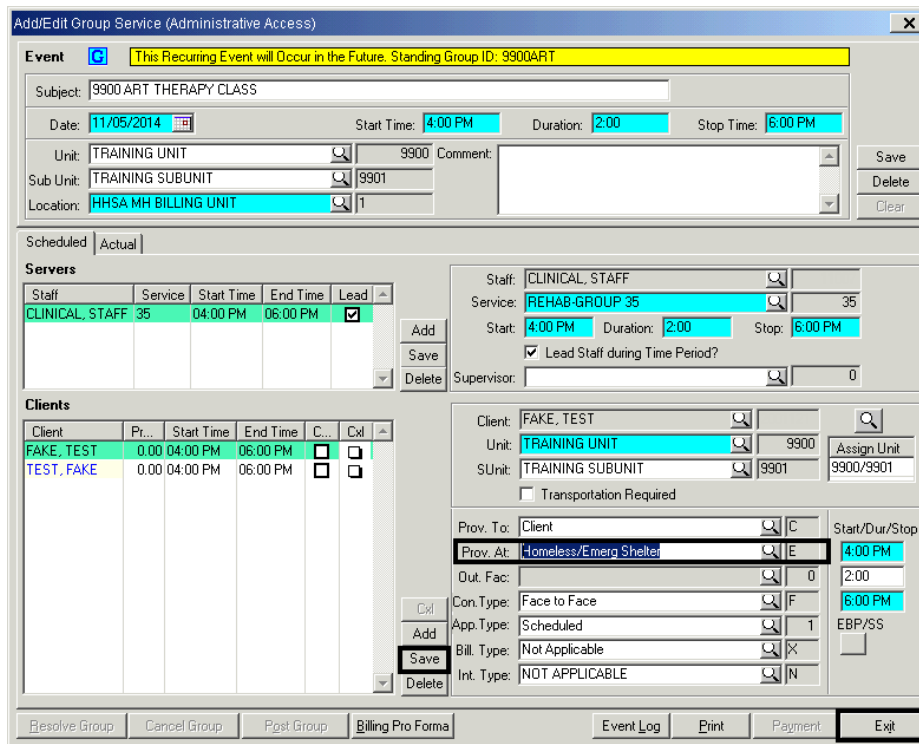

- The “Add/Edit Standing Group” screen appears. Click on the “Schedule” tab

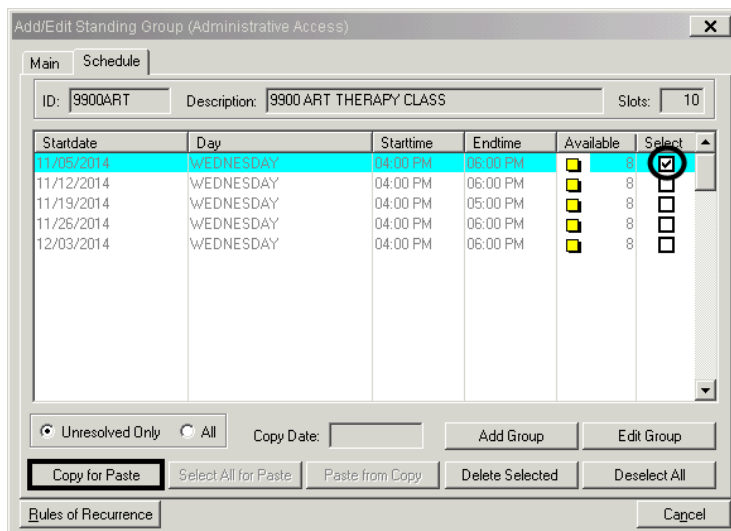

- The list of scheduled groups displays. Click the date of the group to be edited, and click “Edit Group”

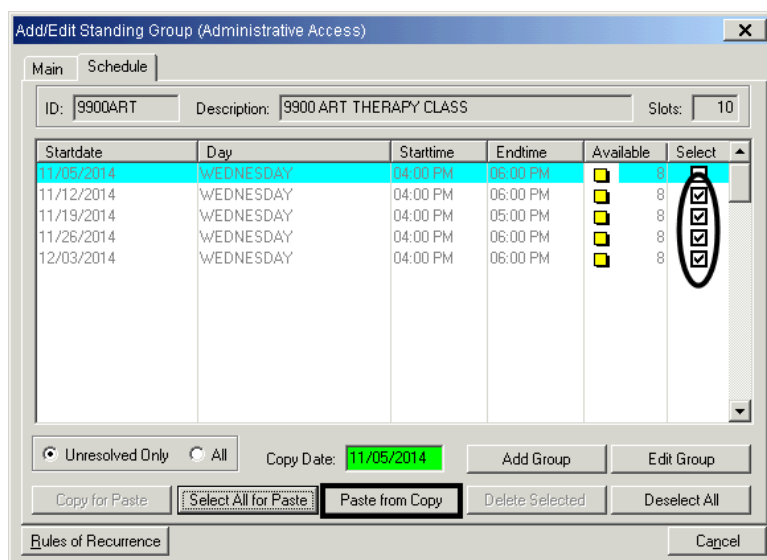

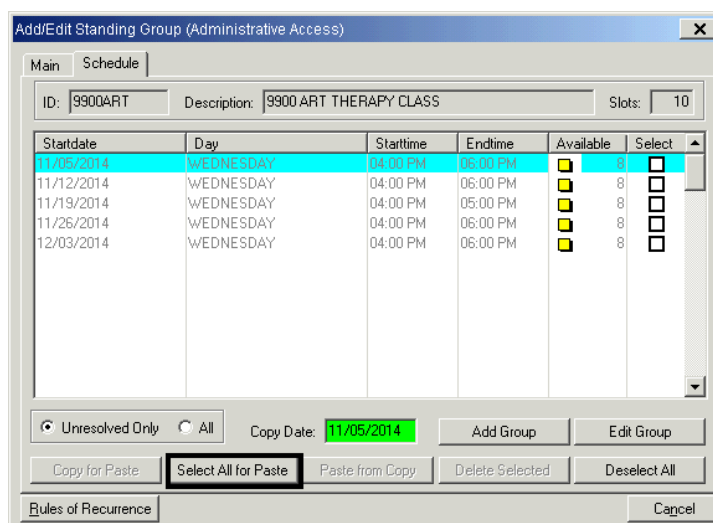

- The “Add/Edit Group Service” screen appears. Make the appropriate changes, click “Save”, and click “Exit”

- The “Schedule” tab reopens. To replicate the same changes to other dates, select the date of the changed group from the list, and mark the check box. The “Copy for Paste” button activates. Click “Copy for Paste”

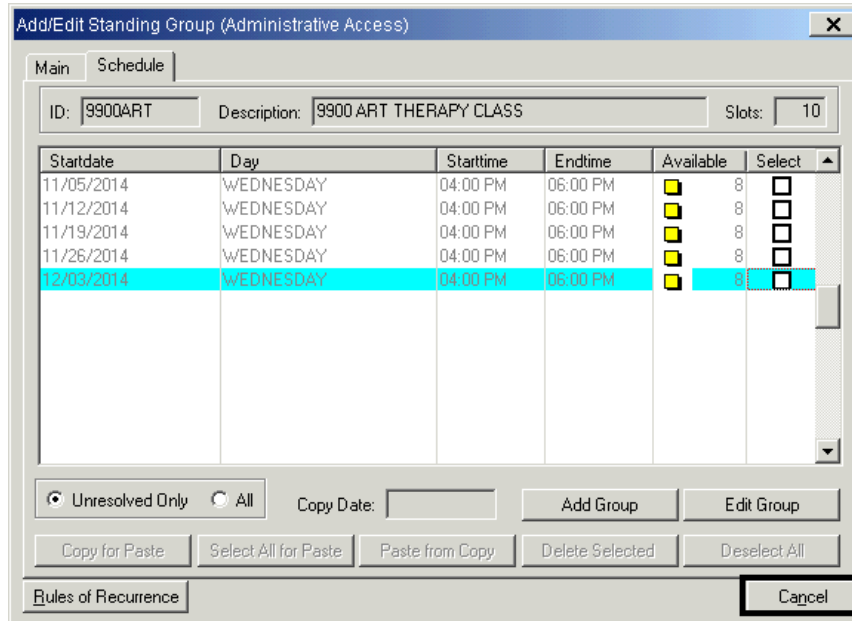

- The “Select All for Paste” button activates. Click “Select All for Paste”

- The remaining check boxes in the “Select” column are automatically checked. The “Paste from Copy” button activates. Click “Paste from Copy”

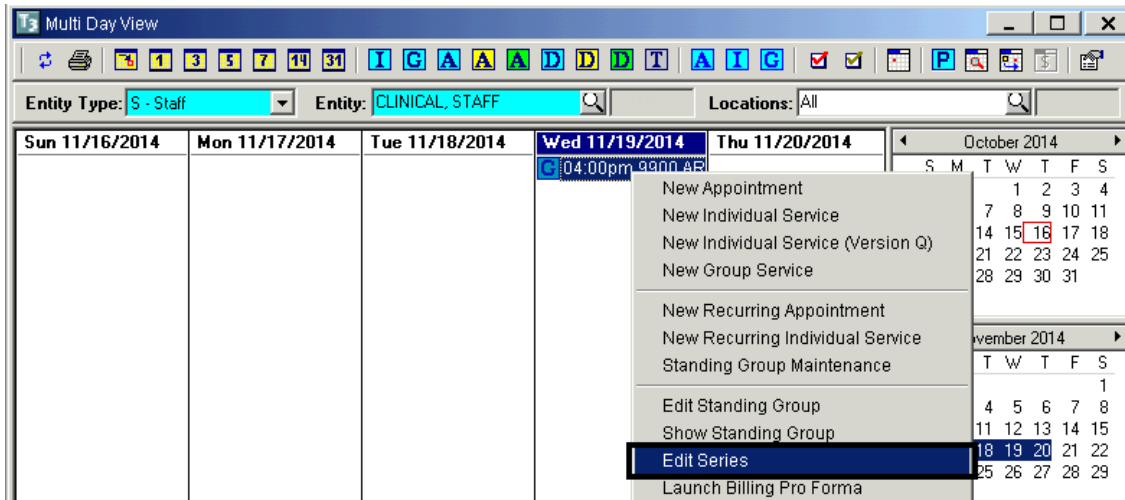

- The staff, clients, and service code from the initial group set-up are now copied to the remaining recurring groups. Click “Cancel”

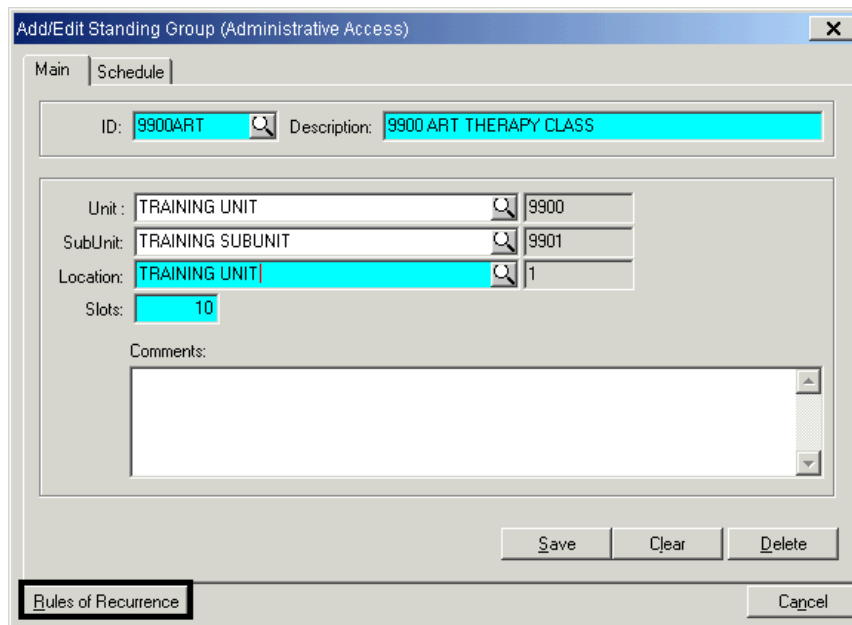

**NOTE:** If an event in a series has previously been changed and staff makes a change to another event in the series and copies that change to the rest of the series, the change made to the first event will be lost. The new change must be copied to only the events of the series that have not been altered. Previous changed events must be individually edited with the new information. Because of this, it is recommended that only one person per program manages standing groups

## RECUR EXPIRED STANDING GROUP

- Right click on the Standing Group in the staff person’s schedule, and click “Edit Series”

- Click “Rules of Recurrence”

- Enter a start date that does not overlap with a previous date for that group. Fill in the remaining fields as appropriate and click “Build”
